Notations and Exceptions

In most cases, paper was bid in two groups per category recycled content and non-recycled. (i.e., Group I Drawing Paper – Non-Recycled and Group I-A Drawing paper – Recycled content). Any group denoted with an “A” after the group refers to a recycled content product. Bidders were advised only one group would be awarded based upon costs. Where recycled products are recommended for award, recycled bids were within the 10% price variance (price preference), met minimum specified recycled content, provided required samples, and were lower in price than the non-recycled products being bid.

Bid submitted by Prentke Romich Company was disqualified, vendor did not sign the bid document as required.

Offers from the vendors listed herein are the only offers received timely as of the above opening date and time. All other offers submitted in response to this solicitation, if any, are hereby rejected as late.
