Recommendation:

Recommend acceptance of bids from Pasco Lakes, Inc. for the East side locations of the District, as noted on the attached bid tabulation sheet, as lowest and best, responsive and responsible bids meeting written specifications. Recommend rejection of the West side.

Term of Contract:

This bid is for landfill services "as needed" by the Maintenance Department for use throughout the District. This is a three-year bid renewable annually based upon mutual agreement of both parties. The first year of this contract shall be effective from June 7, 2009 to June 6, 2010.

Notations and Exceptions:

The award of this bid was made on an individual basis for each item listed for the District's East side locations. The debris that will be removed and taken to the landfill is a result of the District's Maintenance projects. The School District's Maintenance Department will transport to the vendor's landfill on an "as need" basis. The location of the landfill was used in the determination of lowest and best, responsive and responsible bids for the consideration of the award.

Recommend rejection of all bids for the West side locations of the District, as they were considered too high and over budget and not to be in the best interest of the District. We will be revising the specifications and broadening the vendor base to re-solicit for the West side.

Savings were determined by averaging all bids submitted and subtracting the recommended vendor's price with the location of the landfill factor, as outlined in the bid documents.

Offers from the vendors listed herein are the only offers received timely as of the specified opening date and time. All other offers submitted in response to this solicitation, if any, are hereby rejected as late.
