## MEMORANDUM

TO: Honorable School Board Members

FROM: Kendra Goodman, CPPB, Purchasing Agent

RE: RecycleTech Recycling Agreement  
Resource and Recovery

Please find attached agreements between the District and RecycleTech to place extruders at Distribution Services to recycle polystyrene for a three-year period.

Recycletech has received a Florida Department of Environmental Protection Innovative Recycling and Waste Reduction Grant to place extruders throughout Florida to recycle polystyrene. The District uses a large volume of polystyrene post-consumer breakfast and lunch trays that can be recycled. The attached sub-lease agreement will allow the District to receive a polystyrene extruder (valued at \$25,000) for not charge from RecycleTech for a three-year period. At the time of the three-years, the District will have the option to purchase the extruder for \$100.

The District will receive a rebate (\$.04-\$.10 a pound) for polystyrene that is recycled. The extruder will be installed at Distribution Services. Recycling polystyrene is a cost-effective way for the District to continue to reduce solid waste, promote recycling, and generate revenue.

Should you have any questions regarding this matter, please contact Karen Bryant, Resource and Recovery. If you have any purchasing related questions regarding the agreement, please contact me.
