## MEMORANDUM

TO: Honorable School Board Members

FROM: Kendra Goodman, CPPB, Purchasing Agent

RE: Commercial Recycling  
Resource and Recovery

Please find an attached agreement for The District School Board of Pasco County to provide recycling services to local businesses.

Currently Pasco County encourages curbside residential recycling and provides drop-off bins for recycling throughout the county. The District would like to offer select local businesses Commercial Recycling Services for a monthly fee. Participating businesses such as daycare centers, charter schools, and other locations in close proximity to existing schools would contract with the District to receive weekly, bi-monthly, or once-a-month recycling collection services.

Businesses will pay a monthly service fee for collection of recycled paper products, plastics, bi-metal food service cans, and aluminum cans. Recyclables will be placed in the business recycling area for collection. Local businesses would be serviced the same day that surrounding schools are serviced. Commercial Recycling Services are a great way to encourage local businesses to recycle and increase our recycling revenue.

Should you have any questions regarding this matter, please contact Karen Bryant, Resource and Recovery. If you have any purchasing related questions regarding the agreements, please contact me.
