MEMORANDUM

TO: Honorable School Board Members

FROM: Kendra Goodman, CPPO, CPPB, Purchasing Agent 

SUBJECT: Permission to Place Purchase Order: IBM Hardware Maintenance and Software Support

As you know, Information Services uses IBM AS/400 equipment to operate the TERMS modules for Student Records, Finance, Human Resources and Purchasing. The Schedule of Services in the District's negotiated Master Services Agreement is due to expire on June 30, 2011.

Attached please find a Schedule of Services for continuation of maintenance services for the period July 1, 2011 - June 30, 2012. Please see the attached memo from Mr. Edward B. Mutell, Supervisor of Information Services, for detailed information. The services provided from IBM have been satisfactory to date. Considering IBM is the original equipment manufacturer for this high- technology hardware, and owns the copyright to the software operation system, it is my recommendation that the attached agreement be approved and allowed under Department of Education Rule 6a-1.010(4). Information services is also requesting permission per the attached schedule to place purchase orders totaling \$75,466.41, paid quarterly in arrears from general funding, for encumbrance in the next fiscal year.

Should you have any questions or concerns, please contact, Mr. Mutell or me at your earliest convenience.

Subject: IBM Annual Hardware Maintenance and Software Support Purchase Order

I am requesting your assistance in obtaining District School Board of Pasco County approval to renew the annual agreement, valid from 7/1/2011 – 6/30/2012, for hardware maintenance and operating system software support for our mainframe computers and tape library systems. All included items in the support agreement provide for twenty-four hours a day coverage seven days a week. The cost of this agreement is \$75,466.41 and would be expensed from General Funds.

In addition to providing coverage for our production iSeries equipment, this agreement includes the same level of protection for the district's high availability computer system and disaster recovery system.

Thank you very much for submitting this request for approval to the School Board.
