These general applicable terms and conditions are hereby incorporated into the Agreement between the Sponsor and the DACs. For purposes of this agreement, a public or private nonprofit school food authority, a public or private nonprofit residential summer camp, a unit of local, municipal, county, or state government, a public or private nonprofit college or university currently participating in the National Youth Sports Program, or a private nonprofit organization that develops a special summer or other school vacation program providing food service similar to that made available to children during the school year under the National School Lunch Program (NSLP) and School Breakfast Program (SBP) and that is approved to participate in the program is referred to as the "Sponsor." A physical location at which a Sponsor provides a food service for children and at which children consume meals in a supervised setting is referred to as a "site." Offer Vs. The Sponsor has agreed to participate in the SFSP and accepts responsibility for supervision and control over the program and final financial and administrative responsibility for the program.

The Sponsor will:

- A. Operate a nonprofit food service from May through September for children on school vacation; at any time of the year, in the case of sponsors administering the program under a continuous school calendar system; or during the period of October through April, if it serves an area affected by a unanticipated school closure due to a natural disaster, major building repairs, court orders relating to school safety or other issues, labor-management disputes, or

 5. Sites must serve all meals at no charge;
 6. Sites are not for-profit or for-profit camps;

- E. Serve meals without cost to all children, except that camps may charge for meals served to children who are not eligible for free or reduced-price school meals.
- F. Issue a free meal policy statement in accordance with 7 CFR 225.6 (c).

In cases where a site, whether new or returning, will operate for only one week, the site visit must be conducted in that week.
- O. The Sponsor will conduct a site review at all sites at least once during the first four weeks of program operations. The review requires the monitor to observe a complete meal service

X. The Sponsor must submit claims for reimbursement on the form and in accordance with procedures provided by the DACS.

Y. The Sponsor must submit claims for reimbursement via the Internet in accordance with procedures established by the DACS. Claims for reimbursement not filed within 30 days following the month for which the claim is made may be disallowed. Any exception to this requirement will be made at the discretion of the USDA, FNS. A one-time exception for late claim submission may be made at the discretion of the DACS.

Z. Reimbursements are based on the number of reimbursable meals served multiplied by the sum of the administrative and operational rates. Sponsors must maintain complete records to document all costs and meals they claim for reimbursement. Sponsors are not eligible for reimbursement unless they have signed an agreement with the DACS.

AA. Camp reimbursements are based on the number of children served who are eligible for free or reduced-price meals according to the income guidelines for NSLP or SBP. With DACS approval, camps may claim reimbursement for serving up to three meals or two meals and one snack to eligible children each day. Sponsors of camps must maintain the documentation that demonstrates the free or reduced-price eligibility of the children they claim reimbursement for and must make it available for review by the DACS. Sponsors of camps may charge noneligible children a separate fee for meals.

BB. Sponsors must document funds accruing to the Sponsor's program. Accruing funds will not be deducted from the Sponsor's reimbursement. Sources of funds considered program income include:

1. Cash donations specifically identified for use in the program.
2. Any federal, state, or local funds specifically provided to the program.

CC. Sponsors must use reimbursement or funds that exceed the Sponsor's expenditures in a way that benefits SFSP services to children. The Sponsor should use funds remaining at the end of the program year as start-up funds or for improving SFSP services in the following year.

DD. If the Sponsor will not participate in the SFSP the next year, funds may be used towards

the Sponsor's provision of other child nutrition programs. If the Sponsor does not provide any other program, the excess funds must be remitted to the DACS. Sponsors may **not** transfer excess funds to nonprogram operations or to increase salary or fringe benefit costs when the sole purpose of the increase is to reduce the food service program balance.

EE. Unallowable costs are costs for which program funds may not be used. They include, but are not limited to:

1. The cost for excess meals ordered or prepared but not served to eligible children, i.e., meals in excess of legitimate program adult meals and reimbursement meals, unless specifically approved by the DACS.
2. Meals served in violation of program requirements, e.g., meals served outside of the approved serving time, meals or components consumed away from the site, and second meals in excess of the two percent tolerance.
3. Rental costs for periods beyond the close-out date for program operation.
4. Any other costs incurred that the DACS determine to be in violation of applicable laws or regulations.
5. The cost to purchase food (including coffee, etc.) for use outside of the SFSP.
6. The cost of meals served to administrative adult personnel or any other adults who are not part of the food service operation.
7. The cost of spoiled or damaged meals.
8. For vended Sponsors, the cost of meals delivered by a food service management company to an unapproved site or for meals not delivered within the agreed-upon delivery time, meals served in excess of the approved capacity, spoiled or unwholesome meals, or meals that do not meet meal requirements or quality standards.
9. Bad debts, which are any losses arising from noncollectible accounts and other claims and related costs.
10. Repayment of overclaims and other federal debts.
11. Contributions or donations including contingency reserves, USDA-donated commodities and other donated food, labor, and supplies.
12. Fines or penalties resulting from violations of or failure to comply with federal, state, or local laws and regulations.
13. Entertainment and fundraising costs.
14. Interest on loans, bond discounts, costs of financing and refinancing operations, and legal and professional fees paid in connection therewith.
15. Costs resulting from an under-recovery of costs under other grant agreements.
16. Direct capital expenditures or option to purchase rental costs for acquisition of land or any interest in land; acquisition or construction of buildings or facilities or the alteration of existing buildings or facilities; nonexpendable equipment of any kind; repairs that materially increase the value or useful life of buildings, facilities, or nonexpendable equipment; and other capital assets, including vehicles.

FF. Sponsors, upon request, must make all accounts and records pertaining to the program available to state, federal, or other authorized officials for audit or administrative review at a reasonable time and place. The records shall be retained for a period of three years after the end of the fiscal year to which they pertain, unless audit or investigative findings have not been resolved, in which case the records shall be retained until all issues raised by the audit or investigation have been resolved.

1. A review at the Sponsor level should involve a review of how the claim for reimbursement is assembled and a review of the records maintained by the Sponsor. Regardless of the specific administrative review procedures, all Sponsors must make their records available for review by the DACS and must implement all corrective actions recommended by the DACS. The results of an administrative review may affect the amount of reimbursement a Sponsor will receive.
2. Violations of program requirements may result in withholding or recovery of reimbursements, temporary suspension, or termination and exclusion from future program participation.
3. When the DACS finds violations during a site review, it will require the Sponsor to correct the problems found. If the DACS finds a high level of meal service violations at a site, it will immediately require the Sponsor to follow a specific corrective action plan. The DACS will initiate a follow-up system to ensure that Sponsors take the specific action (as outlined in the plan) for correcting site violations.
4. Failure to submit an acceptable corrective action plan may affect your future participation in the program.

FEDERAL FUNDING ACCOUNTABILITY AND TRANSPARENCY ACT (FFATA)

FFATA REQUIREMENTS. Congress passed the FFATA in 2006 with the objective to promote open government by enhancing the federal government's accountability for its stewardship of public resources. This will be accomplished by making government information—particularly information on federal spending—accessible to the general public. Such information will be displayed in a single, searchable database entitled USAspending.gov. While USAspending.gov will be populated from existing federal government databases to the maximum extent possible, some of the required information can be developed only by establishing additional reporting requirements. This includes certain information on federal assistance programs.

Under FFATA, the DACS is required to include additional requirements in the terms and conditions of its grants to first-tier subgrantees. As a primary grantee, the DACS must report certain information on itself and on federal financial assistance provided to first-tier subgrantees. The Sponsor must obtain a Dun and Bradstreet Data Universal Numbering System number, register with the federal government's Central Contractor Registration System, and take other specified actions.

AUDITS

AUDIT REQUIREMENTS. The DACS provides federal financial assistance to a variety of entities that must comply with all federal and state audit requirements including: the Single Audit Act of 1984, as amended, (31 U.S.C. 7501 et. seq.); Office of Management and Budget (OMB) Circular A-133; Catalog of Federal Domestic Assistance (CFDA); Audits of State, Local Governmental Units, and Non-Profit Organizations, as amended; and any other applicable law or regulation and any amendment to such other applicable law or regulation that may be enacted or promulgated by the federal government. If the Sponsor is a local government or nonprofit organization and expends total federal awards of \$500,000 or more during its fiscal year, received either directly from the federal government or indirectly from a recipient of federal funds, the Sponsor shall have an audit made in accordance with the provisions of OMB Circular

A-133.

If the nonprofit Sponsor expends less than \$500,000 of federal financial assistance during its fiscal year, the Sponsor is exempt from these audit requirements but is required to maintain records of federal financial assistance and to provide access to such records by federal and state agencies or their designees.

If the Sponsor is a nonprofit institution not subject to the provisions of the OMB Circular A-133, or is a for-profit organization, the Sponsor shall be subject to the audit requirements of the laws and regulations governing the program(s) in which it participates.

PERIOD SUBJECT TO AUDIT AND AUDIT FREQUENCY. A single audit or program-specific audit made in accordance with OMB Circular A-133 shall encompass the fiscal period of the Sponsor and shall be performed on an annual basis.

SUBMISSION OF AUDIT REPORT TO THE STATE. If a single audit, organization-wide, or a program-specific audit is made in accordance with the provisions of OMB Circular A-133, the Sponsor must submit the audit report within 30 days after the audit has been issued. The audit shall be completed and the report submitted no later than nine months after the end of the Sponsor's fiscal year. The Sponsor shall submit three copies of the audit report to:

Division of Food, Nutrition and Wellness
Department of Agriculture and Consumer Services
600 S. Calhoun Street, Suite 120
Tallahassee, Florida 32399

All auditees shall submit a copy of the audit report to the Federal Auditing Clearinghouse in accordance with OMB Circular A-133, Section 320(d). The address for the currently designated clearinghouse is:

Financial Standards and Reporting Branch
Office of Federal Financial Management
Office of Management and Budget
Washington, D.C. 20503
Phone – (202) 345-3993

GENERAL AUDIT PROVISIONS. The Sponsor is responsible for obtaining the necessary audit in accordance with audit requirements of OMB Circular A-133.

The DACS reserves the right for federal and state agencies or their authorized representatives to perform additional audits of a financial or performance nature, if deemed necessary by the DACS or federal agencies. Any such additional audit work will rely on work already performed by the Sponsor's auditor and the costs for any additional work performed by the federal or DACS will be borne by those agencies at no additional expense to the Sponsor. Audit working papers and audit reports shall be retained by the Sponsor's auditor for a minimum of three years from the date of the audit report, unless the Sponsor's auditor is notified in writing by the DACS or the appropriate federal agency to extend the retention period. Audit working papers shall be made available upon request to authorized representatives of the DACS, the federal agency, or the General Accounting Office.
