INTRODUCTORY SECTION

Pasco County Schools

Dr. John Legg, Superintendent of Schools

7227 Land O' Lakes Boulevard • Land O' Lakes, Florida 34638

December 17, 2024

Dear Chair, Members of The District School Board of Pasco County, Florida, and Citizens of Pasco County:

The Superintendent, Chief Financial Officer and Finance Director are pleased to submit the Annual Comprehensive Financial Report (ACFR) of the School District of Pasco County, Florida (District) for the fiscal year ended June 30, 2024. State law requires all local governments publish, after the close of each fiscal year, a complete set of financial statements presented in conformity with accounting principles accepted in the United States of America (GAAP) and audited in accordance with auditing standards generally accepted in the United States of America by an independent certified public accountant.

This report consists of management's representation concerning the finances of the District. Consequently, management assumes full responsibility for the completeness and reliability of the information presented in this report. To provide a reasonable basis for making these representations, management of the District has established a comprehensive internal control framework designed both to protect the District's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the District's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the District's comprehensive framework of internal controls has been designed to provide reasonable, rather than absolute, assurance the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

This report will provide taxpayers of the District with financial data in a format enabling them to gain an understanding of the financial affairs and standing of the District.

Independent Audit

MSL, PA has independently audited the District's financial statements for the fiscal year ended June 30, 2024. The goal of the independent audit is to provide reasonable assurance the financial statements of the District are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded there is a reasonable basis for rendering an unmodified opinion the District's financial statements for the fiscal year ended June 30, 2024, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the District was part of a broader, Federally mandated Single Audit designed to meet the special needs of Federal grantor agencies. The District is required to undergo an annual single audit in conformity with the provisions of Title 2

U.S. Code of Federal Regulations, Part 200 *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). The standards governing the Single Audit engagement require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of Federal awards. Information related to this single audit, including the Schedule of Expenditures of Federal Awards, findings and questioned costs, summary of prior audit findings, and the independent auditor's reports on the system of internal control and the compliance with applicable requirements, are included in the Single Audit section.

The ACFR is presented in three sections as follows:

1. The Introductory Section, which contains the Letter of Transmittal, List of Principal Officials, and an Organizational Chart of the District.
2. The Financial Section, which includes the Independent Auditors Report, Management's Discussion and Analysis (MD&A), basic financial statements, notes to the financial statements, and other supplemental information.

The basic financial statements and notes provide an overview of the District's financial position and operating results. The other supplemental information provides more detailed information relative to the basic financial statements, which include combining statements for non-major governmental funds, combining statements for each fund type, budget to actual statements for all governmental funds, and combining statements for the discretely presented component units. The MD&A immediately follows the report of the independent auditor and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements the letter of transmittal and should be read in conjunction.

3. The Statistical Section presents, on a multi-year basis, selected social and economic data, financial trends, and the fiscal capacity of the District.

Profile of the School District

The District School Board of Pasco County, Florida (Board) is a corporate body existing under the laws of the State of Florida and is the governing body of the District. The Board consists of five members elected for overlapping four-year terms. The District is organized under Section 4, Article IX, of the Constitution of the State of Florida and Chapter 1001 Florida Statutes. The District is an independent taxing and reporting entity managed, controlled, operated, administered, and supervised by the Board and is independent of the County government and other local governments within the County.

The elected Superintendent of Schools is the executive officer of the Board and is responsible for the administration and management of the schools within the applicable parameters of Florida Statutes, State Board of Education Rules, and School Board policies. Section 1010.01, Florida Statutes, requires each school district to prepare and maintain financial records and accounts as prescribed by law and rules of the State Board of Education.

The District covers the same geographic area as Pasco County, Florida. During the 2023-24 fiscal year, the District operated 89 schools, including 49 elementary schools, 15 middle schools, 15

high schools, 3 combination schools, Pasco eSchool, 3 specialized schools, one technical college and 2 contracted schools, in addition to sponsoring 14 charter schools. The District reported serving 88,508 full-time equivalent students for the 2023-24 fiscal year and projects it will enroll 92,526 students for in 2024-25. It is the 10th largest school District in the State of Florida.

The District receives most of its operating funds through a State funding formula intended to equalize funding received from the State and local property tax between districts within the State. Charter schools operating through a contract with the District receive a proportionate share of these funds, based on the number of full-time equivalent students enrolled at the charter school.

The District serves students from infants through adults. Students in the District represent a diverse community of learners, including ethnic and cultural backgrounds. The student population breaks down as follows: 51.5 percent White, 26.9 percent Hispanic, 8.2 percent Black/African American, and 13.4 percent Asian, American Indian/Alaskan Native, Multi or Other.

In addition to the educational programs offered to K-12 students, the District offers pre-kindergarten services, including programs for babies of teen parents who are progressing toward achieving high school diplomas; special education programs for infants and toddlers below the age of three; pre-kindergarten programs for three and four-year-old disabled students; and programs for eligible low income, at-risk pre-school age students.

The District provides programs for adults to learn the necessary skills to enter the workforce or increase opportunities for advancement in current positions. In addition, students who do not demonstrate proficiency with English as a second language can learn communication skills through the District's English Language Learners (ELL) programs.

This report includes all funds of the District, the Pasco County School Board Leasing Corporation (Leasing Corporation), fourteen charter schools and the Pasco Education Foundation, Inc. (Foundation), which comprise the reporting entity. The Leasing Corporation was formed to facilitate financing for the acquisition of educational facilities and equipment. Charter schools are public schools operating under performance contracts with the District. The Foundation is a separate not-for-profit corporation organized and operated as a direct-support organization. The Foundation's purpose is exclusively educational and charitable for the constituents of Pasco County. The charter schools and Foundation are included in the ACFR as discretely presented component units.

Economic Condition and Outlook

Pasco County is a 745 square mile area located centrally on the west coast of Florida, 200 miles south of the State capital of Tallahassee and 300 miles northwest of Miami. The County is approximately 30 miles northwest of the City of Tampa, and approximately 45 miles north of the City of St. Petersburg. It is part of a nine-county region referred to as the "Nature Coast" and contains a mix of suburban and rural communities. The County was established in 1887. Within its borders there are six municipalities: the cities of Dade City, New Port Richey, Port Richey, San Antonio, St. Leo, and Zephyrhills. There are also several smaller unincorporated communities such as Darby, Holiday, Hudson, Land O' Lakes, Trinity, and Wesley Chapel. The County is primarily a retirement and tourist area but construction, retail trade, service industries, agriculture, and manufacturing play active parts in the community's financial status.

Since calendar year 2011, the population of Pasco County increased 20.4 percent to an estimated 561,891 in calendar year 2020 as indicated by the census data. For the calendar year 2023, the Florida Price Level Index for School Personnel, which is prepared by the Florida Polytechnic University under the direction of the Florida Department of Education, ranked Pasco County 22nd of 67 counties in the State with a value of 97.73.

The Florida Price Level Index for School Personnel is used to represent the cost of hiring equally qualified personnel across Florida school districts and considers the cost of goods and services, access to lakes or sandy beaches, the range of available cultural and recreational opportunities, and the mix of public services and taxes that affect standards of living for a county. A value of 100 represents the weighted average cost to hire and retain qualified personnel. The District's value of 97.73 implies that it cost the District less than the average school district to attract and retain equally qualified personnel. Surrounding counties such as Hillsborough (101.59) and Pinellas (100.22), which had higher values will need to provide greater compensation to hire and retain equally qualified personnel. From 2022 to 2023 Pasco County's Price Level Index increased, while both Hillsborough and Pinellas decreased.

The District recognizes continued enhancement of the local economy is of mutual benefit to both the District and Pasco County. An excellent system of public education is a significant factor in improving the standard of living in Pasco County. As the area's largest employer, employing 10,684 full and part-time employees, the District endeavors to improve its education system by focusing on the following major initiatives.

Financial Information

The District maintains budgetary controls, the objective of which is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the School Board. Activities of all governmental fund types are included in the annual appropriated budget. The level of budgetary control (that is, the level at which expenditures cannot exceed the appropriated amount) is established at the fund-function-object level for all funds.

Budgetary information is integrated into the accounting system. To facilitate budgetary control, budget balances are encumbered when purchase orders are issued. Appropriations lapse at year-end and outstanding encumbrances are honored in the subsequent year's appropriations.

When providing budgetary control for salaries, the District utilizes a centralized position control system. On an annual basis, the District adopts a District staffing plan establishing teaching positions based generally on student populations served. Additionally, support and administrative positions are created based on established criteria.

The District's budget policy 6220 states "To ensure financial strength, maintain a favorable bond rating, and the stability of the District, the adopted annual operating fund budget shall include a reasonable unassigned fund balance". The Board strives to maintain an unassigned general fund balance equal to at least 5% of general fund expenditures which typically equates to a higher reserve amount than required by Section 1011.051, Florida Statutes. Accordingly, on June 30, 2024, the unassigned portion totals \$51,574,531, which represents 6.6 percent of total general fund expenditures. The assigned and unassigned portion of fund balance in the general fund was \$161,840,773 or 20.0 percent of General Fund revenues.

The District has an investment policy for temporarily idle funds. The purpose of the policy is to outline the responsibility, authority, and general guidelines for the investment management of the District's cash reserves and to ensure compliance with Florida Statutes.

The District is self-insured up to specified limits for workers' compensation, automobile liability, general liability, and employee group health insurance. Additional information on the District's risk management programs can be found in the notes to the financial statements.

The District's capital asset policy specifies the categories of capital assets and the dollar thresholds for capitalizing purchases. It also specifies the length of depreciation for each asset category.

Academic Accomplishments

The District is committed to fulfilling its mission of providing a World Class Education. In support of this mission educational options have expanded to include magnet schools and other rigorous and innovative programs, facilitating student success in education, life, and the workplace. This work is built on a strong foundation of Professional Learning Communities (PLC) in each school, and in fact, the District earned the honor of a PLC at Work Model District in July of 2021 from Solution Tree. Educators in the schools and districts selected for this recognition have shown "a sustained commitment to helping all their students achieve high levels. They have been willing to alter the structure and culture of the organization to reflect their commitment." In addition, the District was recognized by Cognia with two special awards. The first award designates the School District of Pasco County, Florida as a system of distinction. The District is one of 38 systems globally to receive this prestigious designation. Systems of Distinction earn this recognition based on the results of Cognia's rigorous Accreditation Engagement Review process. According to Dr. Mark Elgart, Cognia CEO, "each of these systems demonstrated evidence of growth in learning, a healthy culture for learning, engaging and high-quality instructional environments, and effective leadership for learning." The second award is the 2022 Values-Driven Award of Excellence. This is a state-level award presented in each state to one education organization that systematically and systemically models.

The District currently offers the International Baccalaureate (IB) Programme at Gulf and Land O' Lakes High Schools, the IB middle years Programme at Pine View Middle School and Gulf Middle School, and the primary years Programme at Pine View Elementary School and Richey Elementary School.

Additionally, we offer the esteemed Cambridge Programme at Anclote, Pasco and Hudson High Schools, Pasco and Paul R. Smith Middle Schools, Hudson Academy, Gulf Trace Elementary School, Sunray Elementary School, Hudson Primary Academy and San Antonio Elementary School. The success of our students in this program earned Pasco the Cambridge Medium Size District of the Year as well as San Antonio Elementary and Pasco Middle School being named Demonstration Centers for the United States of America.

Several high schools, including Cypress Creek, Zephyrhills, Pasco eSchool, J.W. Mitchell, Wesley Chapel, Wiregrass, River Ridge, and Sunlake offer the College Board Advanced Placement Capstone Diploma, engaging students in rigorous research and critical thinking to solve real world

problems. All high schools have expanded AP, AICE, IB and DE offerings and coursework through a district partnership with Equal Opportunity Schools, yielding a 25.6% increase in college credits earned since 2017 and an increase of 58.3% in advanced diplomas earned since 2017. Additionally, due to these positive outcomes for students, The District was named Large District of Year by College Board in 2020 and was one of 200 school across the nation that made the 10th AP Honor Roll list in the same year.

The expansion of magnet options has been supported through a partnership with Magnet Schools of America. Magnet Schools of America recognized 5 Pasco County Magnets Schools and Programs with distinguished awards which include:

- 3 National Merit Awards of Distinction for the Hudson High School Cambridge Programme, Sunray Elementary School, and Sanders Memorial Elementary school
- 1 Nationally Certified Demonstration School Award for Wendell Krinn Technical High School
- 5 Nationally Certified Magnet School Awards for Bayonet Point Middle School, Centennial Middle School, Pasco Middle School, Paul R. Smith Middle School and Sanders Memorial Elementary School

Also, the Superintendent received Superintendent of the Year recognition by Magnet Schools of America in 2023.

We are continually advancing our career and technical education programs across the district. Recent initiatives include the introduction of a comprehensive work-based learning continuum for students, a career planning tool for grades 6-12, and the modernization of equipment and programming, supported by workforce capitalization grant funding. We have also expanded digital literacy for students in grades 3-8 through our digital tools certification programs. In August 2023, we proudly opened Angeline Academy of Innovation (AAI) for grade 6-12, our third dedicated STEM magnet school, located in the heart of the county and in partnership with the up and coming, SPEROS – Moffitt Cancer Research Center that will be located adjacent to the AAI property. We also continued to bring career-connected learning to our elementary students with our STEM Bus, providing our youngest learners with hands-on experiential learning opportunities focused on career-connected STEM activities. Our career and technical education programs are informed by labor market demand, student feedback, and family interest, ensuring relevance and engagement. Through the Pasco Pathways program, parents have the flexibility to choose from various schools beyond their zoned area, thanks to our school choice initiative.

Our Pasco eSchool is one of Florida’s premier online education programs, boasting some of the highest completion rates and assessment scores in the state, and the third highest enrollment of any Florida school district virtual education program. In recent years, several members of the program’s staff, including the school’s first Principal, garnered statewide and national recognition for excellence in online teaching, and the program has been ranked favorably in national rankings published by US News and World Report and Niche.

Finally, in 2015, we implemented a District Success Plan to guide our work. This Plan includes 4 key strategic pillars: Excellence in Student Achievement, Employee Success, Taxpayer Value, and Connecting to the Community. Each pillar is supported with strategies, tactics, and metrics to achieve success. We review our success quarterly, mid-year, and annually toward meeting identified goals. This is an actionable plan the District follows in pursuit of our vision to provide a world class education for all students.

On measures of student achievement, such as the District's graduation and drop-out rates, Pasco continues to excel. Graduation rates are released by the State in late Fall each year. In 2022-2023, Pasco had a 91.1% graduation rate, 90.0% for Students with Disabilities. The projected graduation rate for the 2023-2024 school year is 94%. The District monitors various academic measures including state assessments used as graduation requirements. The graduation rate reflects Pasco's key priorities: high impact instruction, data-driven decisions, and collaborative culture.

The District has continued the commitment to recruit and retain highly qualified individuals to educate Pasco County students. In the 2023-24 school year, 31.8% of instructional staff in the District had earned a master's degree. The percentage of voluntary departures for the 2023-24 school year was 9.43%, which is a reduction compared to the 2022-23 school year of four percent. The number of first day vacancies was lower for the 2023-24 school year. At the beginning of the 2023-24 school year, the District had 210 unfilled instructional vacancies as compared to 365 the prior year. The District has targeted hard to fill areas by implementing a national recruitment plan that includes the targeted recruitment of diverse candidates and universities with a high number of education majors. In addition, the District has implemented several "grow your own" initiatives and pathways to assist non-instructional staff in meeting the educational requirements to teach. The District hired an additional 38 international teachers in partnership with a cultural exchange program bringing our total to 76 exchange teachers. The recruitment team has attended local and national recruitment events and has continued to increase its presence on social media. The mission of the Human Resource and Educator Quality Department continues to be to attract, support, and retain a world class team as the District continues to provide a world class education to all students.

Reporting Achievements

The Association of School Business Officials International (the "ASBO (Association of School Business Officials)") awarded its Certificate of Excellence in Financial Reporting to the District for its annual comprehensive financial report (ACFR) for the fiscal year ended June 30, 2023. This was the twenty-third consecutive year that the District has received this prestigious award. To be awarded the Certificate of Excellence in Financial Reporting, the District must publish an easily readable and efficiently organized ACFR. This report satisfied both GAAP and applicable legal requirements.

The Government Finance Officers Association (the "GFOA") awarded its Certificate of Achievement for Excellence in Financial Reporting to the District for its annual comprehensive financial report (ACFR) for the fiscal year ended June 30, 2023. The GFOA established the Certificate of Achievement for Excellence in Financial Reporting Program (Certificate Program) in 1945 to encourage and assist state and local governments to go beyond the minimum

requirements of generally accepted accounting principles to prepare annual comprehensive financial reports that evidence the spirit of transparency and full disclosure and then to recognize individual governments that succeed in achieving that goal. The Certificate of Achievement is the highest form of recognition in governmental accounting and financial reporting.

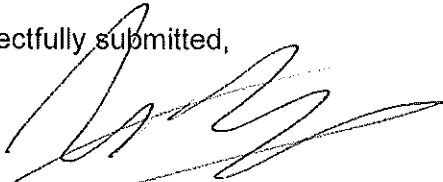

The Certificate of Excellence and the Certificate of Achievement for Excellence in Financial Reporting are valid for a period of one year only. These awards are granted only after an extensive review of financial reports by an expert panel of certified public accountants and practicing school business officials. It is the belief of management that our current ACFR continues to meet the Certificate of Excellence Program's requirements. Upon completion of the ACFR this year, the District will once again apply for consideration of these awards.

Acknowledgements

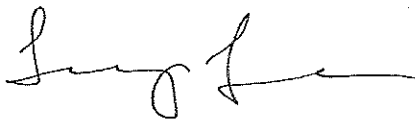

The preparation of this report on a timely basis was made possible by the dedicated service of the entire staff of the District's Finance Services Department. Each member of the Department has our sincere appreciation for the contributions made in the preparation of this report.

In closing, we would like to thank the members of the Board for their leadership which has aided in the accomplishments of the School District of Pasco County, Florida. We also thank the District's teachers, staff, and the citizens of Pasco County who have greatly contributed to the word class education of our students.

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the District School Board of Pasco County, Florida (the "District") as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the District, as of June 30, 2024, and the respective changes in financial position, and, where applicable, cash flows thereof, and the budgetary comparison for the general fund and major special revenue funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the aggregate discretely presented component units, which represent 100% of the transactions and account balances of the aggregate discretely presented component units columns. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the aggregate discretely presented component units, is based solely on the reports of the other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, Other Postemployment Benefit Schedules, and Pension Schedules, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements as a whole. The accompanying combining and individual major and non-major fund financial statements and schedules, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit and the report of the other auditors, the combining and individual nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

INDEPENDENT AUDITOR'S REPORT
(Concluded)

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 17, 2024 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

**SCHOOL DISTRICT OF PASCO COUNTY, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2024**

Management's discussion and analysis (MD&A) provides an overview of the financial position and activities of the School District of Pasco County, Florida (District) for the fiscal year ended June 30, 2024, and should be read in conjunction with the financial statements and notes thereto. The MD&A, and financial statements and notes thereto, are the responsibility of District management. The District has prepared the following discussion and analysis to: (a) assist the reader in focusing on significant financial issues, (b) provide an overview and analysis of the District's financial activities, (c) identify changes in the District's financial position, (d) identify material deviations from the approved budget, and, (e) highlight significant issues in individual funds.

Financial Highlights

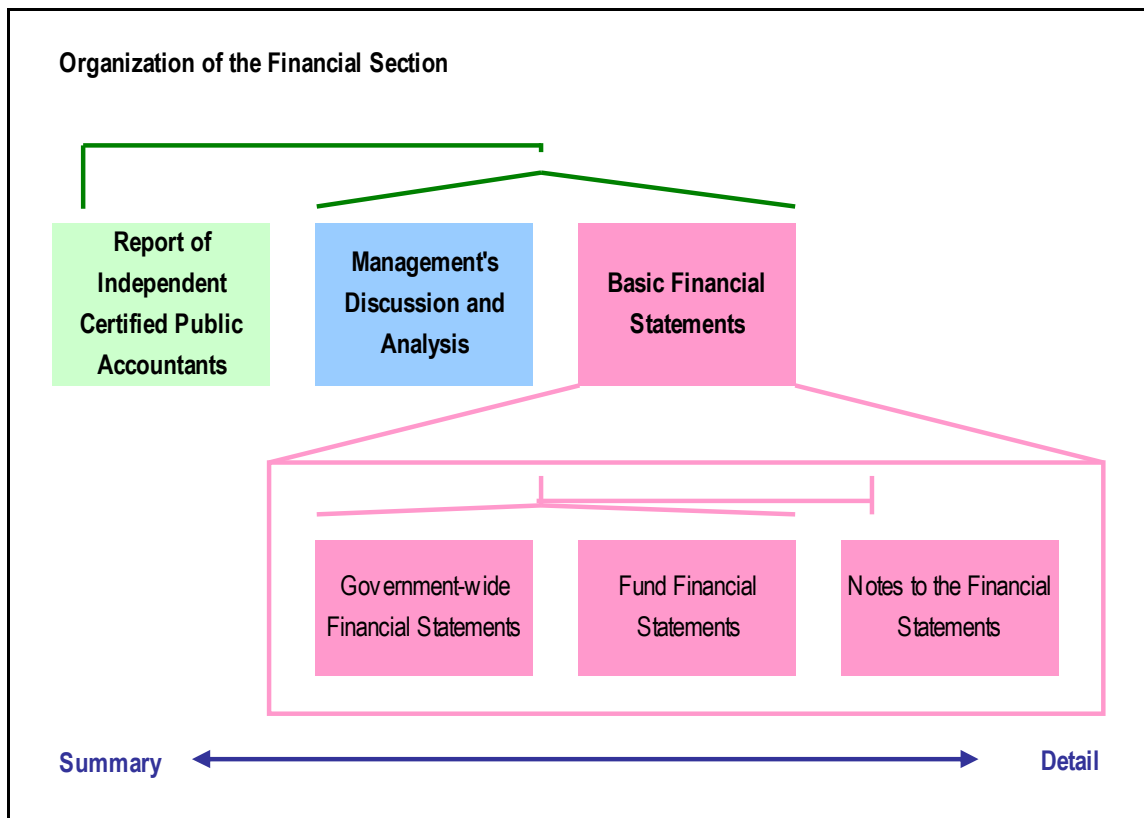

- The assets and deferred outflows of resources of the District exceeded its liabilities and deferred inflows of resources on June 30, 2024, by \$922,378,776 (net position), a 6.3 percent increase over the 2022-23 fiscal year of \$867,775,163. This represents a change in net position of \$54,603,613. Of this amount, \$312,254,303 represents a deficit unrestricted net position.
- The deficit in unrestricted net position was primarily due to the District's long-term liabilities and related deferrals from employee benefits on June 30, 2024. Significant liabilities and deferrals included: Other Postemployment Benefits Liability \$116,463,505, Compensated Absences Payable \$ 52,192,548, and Net Position Liability \$497,994,150.
- Total general revenues were \$1,067,738,521, or 87.1 percent of all revenues. Program specific revenues in the form of charges for services, operating grants and contributions, and capital grants and contributions total \$157,455,564 or 12.9 percent of all revenues. Primary Government expenses total \$1,170,590,472.
- The District's assigned and unassigned fund balance of the General Fund totaled \$161,840,773 on June 30, 2024, or 20.0 percent of General Fund revenues. The unassigned fund balance totals \$51,574,531 representing 6.6 percent of total General Fund expenditures and exceeds the Board's desired minimum of five percent.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplemental information in addition to the basic financial statements.

The government-wide financial statements provide both long-term and short-term information about the District's overall financial status. The subsequent statements are fund financial statements that focus on individual parts of the District and provide greater detail of the District's operations than the government-wide statements. Additionally, the basic financial statements include notes, which explain some of the information in the statements and provide more detailed data. The illustration below shows how the various parts of the financial section are arranged and related to one another.

Basic Financial Statements

Government-wide Financial Statements The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner like those of a private-sector business.

The statement of net position provides information about the District's financial position, its assets, liabilities, and deferred inflows/outflows of resources using an economic resources management focus. Assets plus deferred outflows of resources, less liabilities, and deferred inflows of resources, equals net position, which is a measure of the financial health of the District. The statement of activities presents information about the change in the District's net position and the results of its operations during the fiscal year. An increase or decrease in net position is an indication of whether the District's financial health is improving or deteriorating.

The statement of activities provides information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in the future fiscal periods (e.g., uncollected taxes and earned, but unused, vacation and sick leave).

Both above government-wide financial statements distinguish functions of the District that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities).

The government-wide statements present the District's activities in three categories:

Governmental Activities - This represents most of the District's services, including its educational programs: basic, vocational, adult, exceptional education, and early childhood programs. Support functions, such as operation and maintenance of plant, pupil transportation, and administration are also included. Local property taxes and the State's education finance program provide most of the resources supporting these activities.

Business-Type Activities - The District charges fees to cover the cost of certain services it provides. The After School Enrichment Program (ASEP) is reported as a business-type activity. Also reported as a business-type activity is the Vending Program, which operates food and beverage machines throughout the District.

Component Units - The government-wide financial statements include not only the District itself (known as the primary government), the statements also include fourteen charter schools (Academy at the Farm, Inc., Athenian Academy of Pasco County, Inc., Classical Preparatory Charter School, Countryside Montessori Charter School, Creation Foundation Inc., [D/B/A Dayspring Academy for Education and the Arts], Creation Foundation Inc., [D/B/A Dayspring Jazz], Imagine School at Land O' Lakes, Innovation Preparatory Academy, Learning Lodge Academy, Pepin Academies of Pasco County, Inc., Pinecrest Academy Wesley Chapel, Pinecrest Academy Wesley Chapel High School, Plato Academy Trinity Charter School, Union Park Charter School) and the Pasco Education Foundation, Inc. (Foundation) as separate legal entities in this report. Financial information for these component units is reported separately from the financial information presented for the primary

government itself. Audited financial reports will be included in the Annual Comprehensive Financial Report (ACFR).

Charter schools are public schools that operate under a performance contract, or "charter" which frees them from many regulations created for traditional public schools while holding them accountable for academic and financial results. The charter contract between each charter school's governing board and the District details the school's mission, program, goals, students served, methods of assessment and ways to measure success. The length of time for which charters are granted varies by each school.

The Pasco County School Board Leasing Corporation (Leasing Corporation), although legally separate, was formed to facilitate financing for the acquisition of facilities and equipment. Due to the substantive economic relationship between the District and the Leasing Corporation, the Leasing Corporation has been included as an integral part of the primary government.

Fund Financial Statements Fund financial statements are one of the components of the basic financial statements. A fund is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements and prudent fiscal management. Certain funds are established by law while others are created by legal agreements, such as bond covenants. Fund financial statements provide more detailed information about the District's financial activities, focusing on its most significant or "major" funds rather than fund types. This contrasts with the entity-wide perspective contained in the government-wide statements. All District funds may be classified within one of three categories: governmental funds, proprietary funds or fiduciary funds as discussed below.

Governmental Funds - Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental funds financial statements focus on near-term inflows and outflows of spendable resources, as well as balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the statement of revenues, expenditures, and changes in fund balances for governmental funds include a reconciliation to governmental activities.

The District maintains twelve individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balance. The District's major funds are the General Fund, Capital Projects - Other Fund, Special Revenue – Other Federal Programs and Special Revenue – Federal Education Stabilization Fund. Data from the other governmental funds are combined into a single,

aggregated presentation. Individual fund data for each of the non-major governmental funds is provided in the form of combining statements elsewhere in the report.

Proprietary Funds - Proprietary funds are an accounting device used to accumulate and allocate costs internally among the District's various functions or be established to account for activities that charge fees for services. Two types of proprietary funds are maintained:

- Enterprise funds are used to report the same functions as business-type activities in the government-wide financial statements. The District uses an enterprise fund to account for the before and after-school childcare program and vending program. The District's major enterprise fund is the After School Enrichment Program (ASEP) Fund.
- Internal Service funds are used to report activities that provide goods and services to support the District's other programs and functions through user charges. The District uses internal service funds to account for its employees' self-insurance programs for property/casualty, liability, auto, workers' compensation, medical, on-site health clinics, pharmacy, and behavioral health programs; the energy management program; and exclusive agreements administered by the School Board. Since these services predominantly benefit governmental rather than business-type functions, the internal service funds have been included within governmental activities in the government-wide financial statements.

Fiduciary Funds - Fiduciary funds are used to report assets held in a trustee or fiduciary capacity for the benefit of external parties, such as a donation, trust, scholarship, or student activity fund. Fiduciary funds are not reflected in the government-wide statements because the resources are not available to support the District's own programs. In its fiduciary capacity, the District is responsible for ensuring the assets reported in these funds are used only for their intended purposes.

- The District uses a private-purpose trust fund to account for scholarship funds established by private donors.
- The District uses a pension trust fund to account for resources used to finance its early retirement program.
- The District uses custodial funds to account for resources held for student activities and groups.

Notes to Financial Statements The notes provide additional information essential to fully understand the data provided in the government-wide and fund financial statements.

Required Supplementary Information In addition to the basic financial statements and accompanying notes, this report also presents required supplementary information concerning the District's progress in funding its obligation to provide Other Postemployment Benefits (OPEB) to its employees and supplementary information concerning the District's proportionate share of net pension liability and contributions to the defined benefit pension plan. The notes provide additional information essential for a full understanding of the data provided in the required supplementary information.

Other Supplemental Information The combining statements referred to earlier in connection with non-major governmental funds are presented immediately following the notes to the financial statements.

Government-Wide Financial Analysis

As noted earlier, net position over time may serve as a useful indicator of a government's financial position. The following is a summary of the District's net position as of June 30, 2024, compared to net position as of June 30, 2023:

The District's net position was \$922.4 million on June 30, 2024, increasing \$54.6 million. The largest portion of the District's net position, \$970.8 million, reflects its net investment in capital assets (e.g., land, buildings, furniture and equipment, motor vehicles, software); less any accumulated depreciation and less any related debt used to acquire those assets that is still outstanding. The District uses these capital assets to provide educational and related services to students; consequently, these assets are not available for future spending. Although the investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay the debt must be provided from other sources, since the capital assets cannot be used to liquidate these liabilities.

The restricted portion of the District's net position of \$263.8 million represents resources subject to external restrictions on how they may be used. The unrestricted net position, a deficit amount of \$312.3 million, was in part the result of accruing the District's proportionate share of the State's pension liability, other postemployment benefits and compensated absences.

The District's total net position increased by 6.3 percent from the prior year, primarily due to:

- The increase in Capital Assets is due to construction in progress for multiple projects.

MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2024**

Property taxes increased \$92.7 million, or 37.4 percent, primarily attributed to the additional voter approved millage and a 17.6 percent increase in the tax base. Local sales taxes increased by \$ 1.6 million, or 3.3 percent, representing the impact of both population and visitor sale increases in Pasco County.

Investment earnings increased by \$9.4 million due to current market conditions, yielding significantly higher interest rates.

The chart below represents total expenses classified by function.

Financial Analysis of the Government's Funds

Major Governmental Funds

The General Fund is the chief operating fund of the District. At the end of the current fiscal year, the unassigned fund balance of the General Fund was \$51,574,531, while the total fund balance was \$189,405,184. Unassigned fund balance represents 5.6 percent of total General Fund expenditures, while total fund balance represents 20.8 percent. Fund balance of the District's General Fund increased by \$22,713,713 during the 2023-24 fiscal year. Presented below is an overall analysis of the governmental funds as compared to the prior year.

<u>Fund Balance</u>	<u>2024</u>	<u>2023</u>	<u>Increase (Decrease)</u>	<u>Percentage Change</u>
Major Governmental Funds:				
General Fund	\$ 189,405,184	\$ 166,691,471	\$ 22,713,713	13.6%

Total Fund Balances	<u>\$ 480,018,048</u>	<u>\$ 518,520,909</u>	<u>\$ (38,502,861)</u>	<u>-7.4%</u>

The table below illustrates General Fund revenues with a net increase of \$114,339,225, or 16.3 percent from the prior year primarily due to the reasons discussed below:

<u>Revenues and Net Other Financing Sources</u>	<u>2024</u>	<u>2023</u>	<u>Increase (Decrease)</u>	<u>Percentage Change</u>
Taxes	\$ 261,598,037	\$ 180,694,279	\$ 80,903,758	44.8%

*Transfers out not included

- Property tax revenue for operational purposes increased by \$80.9 million due to an increase in the taxable value including the additional voter approved millage.
- State revenues increased by \$25.5 million primarily due to an increase in Florida Education Finance Program (FEFP) funding.
- Other revenues increased by \$5.4 million largely due to interest earned on investments and inventory adjustments.
- Other financing sources had an increase of \$2.5 million. The increase is due to charter school capital outlay payments.

MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2024**

As the table below illustrates, expenditures increased by \$117 million, or 17.7 percent from the prior year, as outlined below:

<u>General Fund - Expenditures by Object</u>	<u>2024</u>	<u>2023</u>	<u>Increase (Decrease)</u>	<u>Percentage Change</u>
Salaries	\$ 440,832,237	\$ 383,040,455	\$ 57,791,782	15.1%

Other Expenditures	12,033,569	4,452,105	7,581,464	170.3%
Total General Fund Expenditures	\$ 778,628,283	\$ 661,590,432	\$ 117,037,851	17.7%

- Salaries increased by \$57.8 million or 15.1 percent primarily due to salary referendum supplements as well as a three percent average in salary improvements.
- Employee benefit expenditures increased by \$24.4 million, or 16.7 percent due to increases in the FRS retirement rate and health insurance subsidy.
- Purchased services expenditures increased by \$21.3 million, or 22.0 percent, primarily due to outsourcing of substitute teachers to contracted services, as well as an increase due to distributions to Charter Schools from increased charter school FTE enrollment and increased state FEFP funding.
- Energy services expenditures increased by \$86 thousand, or .5 percent, due to increases in electricity rates.
- Materials and supplies expenditures increased by \$4.8 million or 42.8 percent, related to textbook and instructional material purchases.
- Capital outlay increased by \$983 thousand, or 67.4 percent, due to installation of radio frequency identification (RFID) across campuses.
- Other expenditures increased by \$7.5 million, as a result of transfers to internal service and capital project funds.

The Capital Projects – Other Fund is used to account for the financial resources generated by various sources. Included in this fund are certificates of participation (COPS), capital outlay surtax, impact fees, school hardening grant funds, and notes/loans. The fund has a total fund balance of \$193,255,674 restricted for specific capital projects. The spending down of COPS proceeds reflects the fund balance decrease of \$67,621,548.

The Special Revenue – Other Federal Programs Fund had expenditures of \$72,262,164. Expenditures were primarily for salaries and benefits related to grant awards. Because revenues in this fund are recognized to the extent expenditures are incurred, this fund generally does not accumulate a fund balance.

The Special Revenue – Federal Education Stabilization Fund had expenditures of \$59,502,142. This fund accounts for certain Federal grant resources provided to facilitate assistance and relief in response to the COVID-19 pandemic.

**SCHOOL DISTRICT OF PASCO COUNTY, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2024**

Proprietary Funds The District's proprietary fund financial statements provide the same type of information found in the government-wide financial statements. The District has one major enterprise fund, the ASEP Fund. The ASEP Fund is used to account for its before and after school childcare programs. The unrestricted net position of the Business-Type Activities, Enterprise Fund increased due to higher enrollment and fees in these programs.

General Fund Budgetary Highlights

The District's original budget is prepared in accordance with Florida Statutes and is based on the modified accrual basis of accounting, which is the same basis used to account for actual transactions. The most significant budgeted fund is the General Fund.

During the 2023-24 fiscal year, the District amended its General Fund budget several times due primarily to changes in estimated Federal through State and local funding levels and made corresponding adjustments to planned expenditures to ensure maintenance of an adequate fund balance.

The General Fund actual expenditures were less than the budgeted appropriations. This is related to staff vacancies, enhanced cost containment measures due to the uncertainty of enrollment and state funding related to FES Scholarships, and the availability of supplemental American Rescue Plan (ESSER III) funds.

Capital Asset and Debt Administration

Capital Assets The District's investment in capital assets for the governmental and business-type activities as of June 30, 2024, totals \$1,530,346,538 (net of accumulated depreciation). This investment in capital assets includes land; construction in progress; improvements other than buildings; buildings and fixed equipment; furniture, fixtures, and equipment; motor vehicles; audio visual materials; and computer software. The total increase in the District's investment in capital assets (net of accumulated depreciation) for the current fiscal year was \$104.4 million or approximately 7.3 percent. The increase in net capital assets is attributed to the acquisitions of \$124.7 million, offset by deductions of \$20.2 million, net of depreciation expense.

Major capital asset events included the following:

- Starkey Ranch K-8 School classroom wing addition
- Angeline Academy of Innovation construction
- Hudson High School remodel
- Kirkland Ranch Academy of Innovation construction
- Gulf High School construction
- Locke Early Learning Academy renovation
- Oakstead Elementary School car loop
- Gator Lane traffic upgrades

Additional information on the District's capital assets can be found in Notes II.D and II.G of the Notes to Financial Statements.

Long-Term Debt As of June 30, 2024, the District had a total long-term debt outstanding of \$600,574,712. This amount is comprised of \$27,158,131 of bonds payable, \$558,915,699 of certificates of participation and \$14,500,882 of notes/loans payable.

The following is a summary of the District's long-term debt, net as of June 30, 2024:

<u>Outstanding Long-Term Debt</u>

Total	<u>\$ 600,574,712</u>	<u>\$ 661,017,159</u>	<u>\$ (60,442,447)</u>	<u>-9.1%</u>

During the current fiscal year, the District's total long-term debt decreased by \$60,442,447 or 9.1 percent.

The District's financial stewardship is evidenced by the Fitch COPS ratings of "AA-" and the Issuer Default Rating (IDR) at "AA". According to Fitch, this reflects a demonstrated multi-year trend of conservative budgeting practices and growth in fiscal reserve balances that has enabled the District to maintain an elevated level of financial flexibility through economic cycles. The Moody's issuer rating of Aa3 reflects the district's ability to repay debt and debt-like obligations without consideration of any pledge, security, or structural features. Standard & Poor's rating is "A".

Further information on the District's long-term debt can be found in Note II.I of the Notes to Financial Statements.

**SCHOOL DISTRICT OF PASCO COUNTY, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2024**

Fiscal Year 2025 Budget and Economic Factors

The District's primary source of General Fund discretionary operating revenue is district school taxes derived from Local Ad Valorem taxes. Revenue from local taxes is expected to increase by 7.8 percent in fiscal year 2024-25. The increase is primarily due to a growth in assessed property values and new construction. This increase in taxable value was offset by a decrease in the required local effort millage rate from 3.201 in fiscal year 2023-24 to 3.083 in fiscal year 2024-25, as established by the Florida Department of Revenue. Future budgets are dependent on the Florida Legislature, voter support and property tax values.

On August 23, 2022, Pasco County voters approved a referendum to raise the local millage rate by an amount not to exceed one mill annually. For the 2024-25 school year, approximately \$58.9 million will be generated with the one mill levy. The additional funds will be used for essential operating expenses to ensure salaries remain competitive in the market, attract and retain high-quality teachers, bus drivers, and other non-administrative school support employees and with annual reporting to Pasco County taxpayers for transparency for the use of these funds. The millage referendum will be placed before the voters every four years for renewal.

FEFP provides funding to Florida school districts based upon student enrollment (FTE). Enrollment is projected to increase by 3,990 FTE to 92,526 unweighted FTE including Charter School and Family Empowerment Scholarship (FES) enrollment. FEFP funding is expected to increase by \$43.7 million or 8.1 percent.

Salaries and benefits are the largest operating expenditures of the District, accounting for 61.6 percent of the operating budget or \$677.1 million. The District continues to experience staffing vacancies and turnover.

The District's self-insured health insurance program provides a variety of plans for District employees and their dependents. Determination of the share of costs between the employer and employee is subject to negotiations with bargaining units.

District local capital improvement tax is anticipated to be 11.9 percent higher in fiscal year 2024-25. The current Penny for Pasco is scheduled to expire in December 2024. On November 8, 2022, Pasco County voters approved a second renewal to extend the Penny for Pasco Surtax for another fifteen years, beginning in January 2025. The purpose of the Penny for Pasco is for renovation of current facilities and for technology improvements.

Federal and state grant funding sources provided from ESSER III are non-recurring funds and will sunset in fall 2024.

School District of Pasco County, Florida
Reconciliation of the Statement of Revenues,
Expenditures, and Changes in Fund Balances for Governmental Funds
to the Statement of Activities
For the Fiscal Year Ended June 30, 2024

Net Change in Fund Balances - Governmental Funds.	\$	(38,502,861)
Amounts reported for governmental activities on the statement of activities are different because:		
Capital outlays are reported in the governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.		
Expenditures for capital assets	\$ 175,897,038	
Less current year depreciation	<u>(67,608,324)</u>	108,288,714
Capital assets donated to the District increase net position on the statement of activities. However, they do not provide current financial resources and are not reported as revenues in the governmental funds.		
		61,064
The undepreciated cost of capital assets disposed of during the period is reported in the statement of activities. In the governmental funds, the cost of these assets was recognized as an expenditure in the year purchased. Thus, the change in net position differs from the change in fund balance by the undepreciated cost of the assets disposed of.		
		(3,875,549)
The net change in the Net Pension Liability (SERP) and the related Deferred Amounts is reported in the government-wide statements, but not in the governmental fund statements.		
		1,031,881
The net change in the Net Pension Liability (FRS / HIS) and the related Deferred Amounts is reported in the government-wide statements, but not in the governmental fund statements.		
		(71,450,733)
Long-term debt proceeds provide current financial resources to the governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of long-term debt is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. Additionally, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized over the life of the debt in the statement of activities.		
Principal payments	\$ 54,035,545	
Net decrease in deferred charges	(594,598)	
Net increase in premiums and discounts	<u>6,406,902</u>	59,847,849
Some expenses in the statement of activities that do not require the use of current financial resources are not reported in the governmental funds:		
Capital Credits to be received in future years		371,054
Compensated Absences		(3,723,648)
Accrued Interest on Long-Term Debt		1,955,183
Other postemployment benefits		(7,899,505)
Arbitrage		(492,335)
Internal service funds are used by management to charge the cost of certain activities, such as insurance, to individual funds. The change in net position of internal service funds is reported with governmental activities.		
		<u>7,496,826</u>
Change in Net Position - Governmental Activities.	\$	<u><u>53,107,940</u></u>

THE SCHOOL BOARD OF PASCO COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of Government-Wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. All fiduciary activities are reported only in the fund financial statements. Governmental activities, which normally are supported by taxes, intergovernmental revenues, and other nonexchange transactions, are reported separately from business-type activities, which rely to a significant extent on fees charged to external customers for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities presents a comparison between direct expenses and program revenues for each function or program of the School District of Pasco County, Florida (District) governmental activities and for each segment of the business-type activities. Direct expenses are those that are specifically associated with a service, program, or department and are thereby clearly identifiable to a particular function. Depreciation expenses are allocated to function/programs of the primary government.

B. Reporting Entity

The School Board of Pasco County, Florida (Board) has direct responsibility for operation, control, and supervision of District schools and is considered a primary government for financial reporting. The District is part of the Florida system of public education, operates under the general direction of the Florida Department of Education (FDOE), and is governed by State law and State Board of Education (SBE) rules. The governing body of the District is composed of five elected members. The elected Superintendent of Schools is the executive officer of the Board. Geographic boundaries of the District correspond with those of Pasco County.

Criteria for determining if other entities are potential component units that should be reported within the District's basic financial statements are identified and described in the Governmental Accounting Standards Board's (GASB) *Codification of Governmental Accounting and Financial Reporting Standards*, Sections 2100 and 2600. The application of these criteria provides for identification of any legally separate entities for which the Board is financially accountable and other organizations for which the nature and significance of their relationship with the Board are such that exclusion would cause the District's basic financial statements to be misleading or incomplete. Based on these criteria, the following component units are included within the District's reporting entity:

Blended Component Unit. Blended component units are, in substance, part of the District's operations, even though they are legally separate entities. Thus, blended component units are appropriately presented as funds of the District. The Pasco County School Board Leasing Corporation (Leasing Corporation) was formed to facilitate financing and refinancing for the acquisition of facilities and equipment as further discussed in a subsequent note. Due to the

THE SCHOOL BOARD OF PASCO COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024

substantive economic relationship between the District and the Leasing Corporation, the financial activities of the Leasing Corporation are included in the accompanying basic financial statements. Separate financial statements for the Leasing Corporation are not published.

Discretely Presented Component Units. The component units column in the government-wide financial statements include the financial data of the District's other component units. A separate column is used to emphasize that they are legally separate from the District.

The Pasco Education Foundation (Foundation) is a separate not-for-profit corporation organized and operated as a direct-support organization under Section 1001.453, Florida Statutes, to receive, hold, invest, and administer property and to make expenditures to and for the benefit of the District. Because of the nature and significance of its relationship with the District, the Foundation is considered a component unit.

The District's charter schools are not-for-profit corporations organized pursuant to Chapter 617, Florida Statutes, the Florida Not For Profit Corporation Act, and Section 1002.33, Florida Statutes. The charter schools operate under a charter approved by its sponsor, the Pasco District School Board. The charter schools are considered to be component units of the District because the District is financially accountable for the charter schools as the District established the charter schools by approval of the charter, which is tantamount to the initial appointment of the charter schools, and there is the potential for the charter schools to impose specific financial burdens on the District. In addition, pursuant to the Florida Constitution, the charter schools are public schools, and the District is responsible for the operation, control, and supervision of public schools within the District.

Academy at the Farm, Inc., Athenian Academy of Pasco County, Inc., Classical Preparatory Charter School, Countryside Montessori Charter School, Creation Foundation Inc., (D/B/A Dayspring Academy for Education and the Arts), Creation Foundation Inc., (D/B/A Dayspring Jazz), Imagine School at Land O' Lakes, Innovation Preparatory Academy, Learning Lodge Academy, Pepin Academies of Pasco County, Inc., Pinecrest Academy Wesley Chapel, Pinecrest Academy Wesley Chapel High School, Plato Academy Trinity Charter School, Union Park Charter School

Audited financial reports will be included in the Annual Comprehensive Financial Report (ACFR). The audit reports will be filed in the District's administrative office at 7227 Land O' Lakes Blvd., Land O' Lakes, Florida 34638.

C. Basis of Presentation: Government-Wide Financial Statements

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds and the internal service funds, while business-type activities incorporate data from the government's enterprise funds. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

The effects of interfund activity have been eliminated from the government-wide financial statements except for interfund services provided and used and net residual amounts between governmental and business-type activities.

THE SCHOOL BOARD OF PASCO COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024

D. Basis of Presentation: Fund Financial Statements

The fund financial statements provide information about the District's funds, including the proprietary funds and fiduciary funds. Separate statements for each fund category – governmental, proprietary, and fiduciary – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

The District reports the following major governmental funds:

General Fund – to account for all financial resources not required to be accounted for in another fund and for certain revenues from the State that are legally restricted to be expended for specific current operating purposes.

Capital Projects – Other Fund – to account for the financial resources (e.g., certificates of participation capital outlay surtax, and financed purchases which are used for capital outlay needs) to be used for educational capital needs, including new construction and renovation and remodeling projects.

Special Revenue – Other Federal Programs Fund – to account for and report on certain Federal grant program resources.

Special Revenue – Federal Education Stabilization Fund – to account for certain Federal grant program resources provided as emergency relief to address the impact of COVID-19 on elementary and secondary schools.

The District reports the following major enterprise funds:

Enterprise Fund – After School Enrichment Program (ASEP) Fund – to account for the financial resources of the extended day program of the District.

Additionally, the District reports the following proprietary and fiduciary fund types:

- Enterprise Fund – Vending Program – to account for the operation of food and beverage machines throughout the District.
- Internal Service Funds – to account for the District's individual self-insurance programs.
- Pension Trust Fund – to account for resources used to finance the early retirement program.
- Private-Purpose Trust Fund – to account for resources of various scholarship funds that provide for medical benefits and educational support.
- Custodial Funds – to account for resources of the school internal funds, which are used to administer money collected at several schools in connection with school, student athletic, class and club activities.

During the course of operations, the District has activity between funds for various purposes. Any residual balances outstanding at fiscal year-end are reported as due from/to other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental

activities (i.e., the governmental and internal service funds) are eliminated so that only the net amount is included as internal balances in the governmental activities column. Similarly, balances between the funds included in business-type activities (i.e., the enterprise funds) are eliminated so that only the net amount is included as internal balances in the business-type activities column. Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements, these amounts are reported at gross amounts as transfers in and out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column. Similarly, balances between the funds included in business-type activities are eliminated so that only the net amount is included as transfers in the business-type activities column.

E. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized in the year for which they are levied. Revenues from grants, entitlements, and donations are recognized as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues, except for certain grant revenues, are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues from ad valorem taxes and interest on investments to be available if they are collected within 60 days of the end of the current fiscal year. When grant terms provide that the expenditure of resources is the prime factor for determining eligibility for Federal, State, and other grant resources, revenue is recognized at the time the expenditure is made. Significant revenues such as ad valorem taxes, reimbursable-type grants, reimbursable-type capital improvements and interest on investments associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. The District considers revenues from reimbursable-type grants and capital improvements to be available if they are collected within 12 months of the end of the current fiscal year. Expenditures are generally recognized when the related fund liability is incurred, as under modified accrual basis of accounting. However, debt service expenditures, claims and judgments, pension benefits, other postemployment benefits, and compensated absences, are only recorded when payment is due. General capital asset acquisitions

THE SCHOOL BOARD OF PASCO COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024

are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under leases are reported as other financing sources. Allocations of cost, such as depreciation, are not recognized in governmental funds.

The proprietary and fiduciary funds are reported using the economic resources measurement focus and the accrual basis of accounting.

The Foundation is accounted for under the not-for-profit basis of accounting and uses the accrual basis of accounting whereby revenues are recognized when earned and expenses are recognized when incurred. The charter schools are accounted for as governmental organizations and follow the same accounting model as the District's governmental activities.

F. Budgetary Information

Budgetary Basis of Accounting

The Board follows procedures established by State law and SBE rules in establishing budget balances for governmental funds, as described below:

- Budgets are prepared, public hearings are held, and original budgets are adopted annually for all governmental fund types in accordance with procedures and time intervals prescribed by State law and SBE rules.
- Appropriations are controlled at the object level (e.g., salaries, purchased services, and capital outlay) within each activity (e.g., instruction, student transportation services, and school administration) and may be amended by resolution at any Board meeting prior to the due date for the annual financial report.
- Budgets are prepared using the same modified accrual basis as is used to account for governmental funds.
- Budgetary information is integrated into the accounting system and, to facilitate budget control, budget balances are encumbered when purchase orders are issued. Appropriations lapse at fiscal year end and encumbrances outstanding are honored from the subsequent year's appropriations.

G. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

1. Cash and Cash Equivalents

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term liquid investments with original maturities of 3 months or less from the date of acquisition, except for investments held with paying agents. Investments classified as cash equivalents include amounts placed with the State Board of Administration (SBA) in Florida PRIME, the Florida Fixed Income Trust Cash Pool (FL-FIT), the Florida Public Assets for Liquidity Management (FL PALM) and Florida Cooperative Liquid Assets Securities System (FLCLASS). Cash balances from the majority of funds are pooled for investment purposes. Earnings from such

THE SCHOOL BOARD OF PASCO COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024

investments are allocated to the respective funds based on applicable cash participation by each fund. The investment pools are managed such that all participating funds have the ability to deposit and withdraw cash as if they were demand deposit accounts, and therefore all balances representing participants' equity in the investment pools are classified as either cash or investments for purposes of these statements.

Cash deposits are held by banks qualified as public depositories under Florida law. All deposits are insured by Federal depository insurance, up to specified limits, or collateralized with securities held in Florida's multiple financial institution collateral pool as required by Chapter 280, Florida Statute.

2. Investments

Investments consist of amounts placed in the SBA debt service accounts for investment of debt service moneys, amounts placed with the SBA for participation in the Florida PRIME investment pool created by Section 218.405, Florida Statutes, and those made locally. The investment pool operates under investment guidelines established by Section 215.47, Florida Statutes.

The District's investment in Florida PRIME, which the SBA indicates is a Securities and Exchange Commission Rule 2a-7 like external investment pool, are similar to money market funds in which shares are owned in the fund rather than the underlying investments. This investment is reported at fair value, which is amortized cost.

Investments made locally consist of United States Treasury Securities and Federal Agency Securities, money market and bond mutual funds, corporate debt obligations, and commercial paper, and are reported at fair value. Types and amounts of investments held at fiscal year-end are described in a subsequent note on investments.

3. Inventories and Prepaid Items

Inventories consist of expendable supplies held for consumption in the course of District operations. The valuation of the inventories is based on various methods and is presented at cost. Warehouse (including purchased foods and supplies used by the District's Food and Nutrition Services Department), maintenance, telecommunications, technology services, and transportation items are based on a weighted average. Fuel inventories are stated at last quoted price as of June 30, 2024. The United States Department of Agriculture surplus commodities are stated at their fair value as determined at the time of donation to the District's food service program by the Florida Department of Agriculture and Consumer Services, Bureau of Food Distribution. The costs of inventories are recorded as expenditures when used rather than purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

4. Capital Assets

Expenditures for capital assets acquired or constructed for general District purposes are reported in the governmental fund that financed the acquisition or construction. The capital assets so acquired are reported at cost in the government-wide statement of net position but are not reported in the governmental fund financial statements. Capital assets are defined by the District as those costing more than \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated assets are recorded at acquisition value at the date of donation. Land and buildings acquired or constructed prior to July 1, 1972, are stated at estimated historical cost using price levels at the time of acquisition and, as a result, \$1,521,003 of stated land values and \$56,835,465 of stated building values are based on these estimates.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the assets lives are not capitalized. Interest costs incurred during construction of capital assets are not considered material and are not capitalized as part of the costs of construction.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Improvements Other than Buildings	15 years
Buildings and Fixed Equipment	20 - 40 years
Furniture, Fixtures, and Equipment	3 - 15 years
Motor Vehicles	5 - 10 years
Audio Visual Materials and Computer Software	5 years

Current year information relative to changes in capital assets is described in Note II.D.

5. Pensions

In the government-wide statement of net position, liabilities are recognized for the District's proportionate share of each pension plan's net pension liability. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Florida Retirement System (FRS) defined benefit plan, the Health Insurance Subsidy (HIS) defined benefit plan, and Supplementary Early Retirement Plan (SERP) and additions to/deductions from the FRS, the HIS, and SERP fiduciary net position have been determined on the same basis as they are reported by the FRS, the HIS, and SERP plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

The District's retirement plans, and related amounts are described in a subsequent note.

THE SCHOOL BOARD OF PASCO COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS

6. Long-Term Liabilities

Long-term obligations that will be financed from resources to be received in the future by governmental funds are reported as liabilities in the government-wide statement of net position. Debt premiums and discounts are deferred and amortized over the life of the bonds and certificates of participation using the effective interest method. Bonds and certificates of participation payable are reported net of the applicable premium or discount.

In the governmental fund financial statements, bonds and other long-term obligations are not recognized as liabilities until due. Governmental fund types recognize debt premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources, while discounts and premiums on debt issuances are reported as other financing uses and sources. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Changes in long-term liabilities for the current year are reported in a subsequent note.

7. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net assets that applies to future periods and so will not be recognized as an outflow of resources expense until then. The District has three items that qualify for reporting in this category. The deferred outflows of resources related to pensions and OPEB are discussed in subsequent notes. The loss on refunding reported in the government-wide statement of net position results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net assets that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time. The District has two types of items, those related to pension plans and those related to OPEB, which are discussed in subsequent notes.

8. Net Position Flow Assumption

The District occasionally funds outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. To calculate the amounts to report as restricted net position and unrestricted net position in the government-wide and proprietary fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. Consequently, it is the District's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

THE SCHOOL BOARD OF PASCO COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024

9. Fund Balance Flow Assumptions

The District may fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). To calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are applied. It is the District's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

10. Fund Balance Policies

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The District itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

The committed fund balance classification includes amounts that can be used only for specific purposes determined by a formal action of the District's highest level of decision-making authority. The Board is the highest level of decision-making authority for the District that can, by adoption of a resolution prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the resolution remains in place until a similar action is taken (the adoption of another resolution) to remove or revise the limitation. The District reported no committed fund balances as of June 30, 2024.

Amounts in the assigned fund balance classification are intended to be used by the District for specific purposes but do not meet the criteria to be classified as committed. The Board has by policy authorized the Superintendent to assign fund balance. The Board may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, additional action is essential to either remove or revise a commitment.

H. Revenues and Expenditures/Expenses

1. Program Revenues

Amounts reported as program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than program revenues. Revenues that are not classified as program revenues are

THE SCHOOL BOARD OF PASCO COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024

presented as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function or business segment is self-financing or draws from the general revenues of the District.

2. State Revenue Sources

Significant revenues from State sources for current operations include the Florida Education Finance Program administered by the FDOE under the provisions of Section 1011.62, Florida Statutes. In accordance with this law, the District determines and reports the number of full-time equivalent (FTE) students and related data to the FDOE. The FDOE performs certain edit checks on the reported number of FTE and related data and calculates the allocation of funds to the District. The District is permitted to amend its original reporting during specified time periods following the date of the original reporting. The FDOE may also adjust subsequent fiscal period allocations based upon an audit of the District's compliance in determining and reporting FTE and related data. Normally, such adjustments are treated as reductions or additions of revenue in the fiscal year when the adjustments are made.

The State provides financial assistance to administer certain educational programs. SBE rules require that revenue earmarked for certain programs be expended only for the program for which the money is provided and require the money not expended as of the close of the fiscal year be carried forward into the following fiscal year to be expended for the same educational programs. The FDOE generally requires these educational program revenues be accounted for in the General Fund. A portion of the fund balance of the General Fund is restricted in the governmental fund financial statements for the balance of categorical and earmarked educational program resources.

The District received an allocation from the State under the School Hardening Grant program and is authorized to expend these funds only upon applying for and receiving an encumbrance authorization from the FDOE.

A schedule of revenue from State sources for the current year is presented in a subsequent note.

3. District Property Taxes

The Board is authorized by State law to levy property taxes for district school operations, capital improvements, and debt service.

Property taxes consist of ad valorem taxes on real and personal property within the District. Property values are determined by the Pasco County Property Appraiser, and property taxes are collected by the Pasco County Tax Collector.

The Board adopted the 2023 tax levy on September 11, 2023. Tax bills are mailed in October and taxes are payable between November 1 of the year assessed and March 31 of the following year at discounts of up to four percent for early payment.

Taxes become a lien on the property on January 1 and are delinquent on April 1 of the year following the year of assessment. State law provides for enforcement of collection of personal

THE SCHOOL BOARD OF PASCO COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024

property taxes by seizure of the property to satisfy unpaid taxes and for enforcement of collection of real property taxes by the sale of interest-bearing tax certificates to satisfy unpaid taxes. The procedures result in the collection of essentially all taxes prior to June 30 of the year following the year of assessment.

Property tax revenues are recognized in the government-wide financial statements when the Board adopts the tax levy. Property tax revenues are recognized in the governmental fund financial statements when taxes are received by the District, except that revenue is accrued for taxes collected by the Pasco County Tax Collector at fiscal year-end but not yet remitted to the District.

Millages and taxes levied for the current year are presented in Note II.L.2.

4. Capital Outlay Surtax

In March 2004, the voters of Pasco County approved a one-cent sales tax (Penny for Pasco) authorized under Section 212.055(6), Florida Statutes. The Board receives 45 percent of the one-cent sales tax. The surtax levy commenced on January 1, 2005 and remained in effect for a period of ten years through December 31, 2014. Voters signaled their approval for the continuation of the sales tax for another ten years, beginning in January 2015. A third renewal was placed on the ballot for the November 8, 2022, election and approved by the voters, extending the Penny for Pasco Surtax for another fifteen years, beginning in January 2025.

5. Educational Impact Fees

Pasco County imposes an educational impact fee based on an ordinance adopted by the County Commission in 2001. This ordinance was most recently amended in October 2017 when Ordinance 89-21 established, in part, revised fees to be collected. The educational impact fee is collected for most new residential construction by the County and each municipality within the County based on an interlocal agreement. The fees are to be used solely for the purpose of providing capital improvements to the public educational system necessitated by new residential development and are not to be used for any expenditure that would be classified as a maintenance or repair expense. The authorized uses include, but are not limited to, land acquisition; facility design and construction costs; furniture and equipment; and payment of principal, interest, and related costs of indebtedness necessitated by new residential development.

6. Voted Additional Millage

In August 2022, the voters of Pasco County approved up to a one mill ad valorem tax increase in the County for four years, effective July 1, 2023, to pay for essential operating expenses in accordance with Section 1011.71(9), Florida Statutes. Revenues will be used for the purpose of attracting, retaining, and improving the salaries of employees, except for administrative staff. The District has created the Salary Referendum Oversight Committee to provide oversight to the Board as it relates to the collection and distribution of the proceeds of the salary referendum.

THE SCHOOL BOARD OF PASCO COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS

7. Federal Revenue Sources

The District receives Federal awards for the enhancement of various educational programs. Federal awards are generally received based on applications submitted to, and approved by, various granting agencies. For Federal awards in which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that eligible expenditures have been incurred. The FDOE may require adjustments to subsequent fiscal period expenditures and related revenues based upon an audit of the District's compliance with applicable Federal awards requirements. Normally, such adjustments are treated as reductions of expenditures and related revenues in the fiscal year when the adjustments are made.

8. Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employee's right to receive compensation is attributable to services already rendered and it is probable that the District will compensate the employees for the benefits through paid time off or some other means. Sick leave benefits are accrued as a liability using the vesting method.

The liability is based on the sick leave accumulated as of June 30, 2024 by those employees who are currently eligible to receive termination payments and those employees to whom it is probable that they will become eligible to receive termination benefits in the future. The criteria for determining the vacation and sick leave liability are derived from Board policy, negotiated agreements, and State law.

In the government wide financial statements, the entire compensated absences liability is reported. A liability for these amounts is reported in the governmental fund financial statements only in the amount payable to employees who terminated their employment as of the end of the fiscal year. The liability for compensated absences includes salary related benefits, where applicable.

Changes in the compensated absences liability for the current year are further described in Note II.1.4.

9. Proprietary Funds Operating and Nonoperating Revenues and Expenses

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the proprietary funds' principal ongoing operations. The principal operating revenues and expenses of the After School Enrichment Program are charges for services provided and expenses related to a before and after-school childcare program. The principal operating revenues of the District's internal service funds are charges for employee health insurance, workers' compensation, general liability, and property insurance. The principal operating expenses include salaries and benefits for employees, insurance claims, and excess insurance coverage. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses. Unrestricted net position in the internal service funds is designated for future losses.

II. DETAILED NOTES ON ALL ACTIVITIES AND FUNDS

A. Cash Deposits with Financial Institutions

Custodial Credit Risk. In the case of deposits, this is the risk that, in the event of the failure of a depository financial institution, the District will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The District does not have a policy for custodial credit risk. All bank balances of the District are fully insured or collateralized as required by Chapter 280, Florida Statutes.

B. Investments

The District's investments as of June 30, 2024, are reported as follows:

(1) Pension Trust Fund investments are separately disclosed in Note II.E.3.

(2) Amount includes \$112,234 held in Fiduciary Funds, allocated among various categories.

Money market funds are held with Fidelity Institutional Government Money Market Fund and have no unfunded commitments and invests in U.S. dollar-denominated money market securities of domestic and foreign issuers, U.S. Government securities, and repurchase agreements. This fund does not institute liquidity fees or redemption rates.

Fair Value Measurement. The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs

THE SCHOOL BOARD OF PASCO COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024

are significant unobservable inputs. The District's investments in SBA debt service accounts are valued using Level 1 inputs.

The SBA-Debt Service Account classified in Level 1 of the fair value hierarchy is valued using prices quoted in active markets for those securities. United States Treasury Securities classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Section 218.415(17), Florida Statutes, limits investment maturities to provide sufficient liquidity to pay obligations as they come due. The District's investment policy limits investments of operating funds to a maximum of eighteen months as a means of managing its exposure to fair value losses arising from an increase in interest rates. Investments of reserves, project funds, debt proceeds and other non-operating funds are limited to a maximum of five years with the average duration of all these funds as a whole not to exceed three years.

Florida PRIME, FLPALM, FLCLASS and FLFIT use weighted average days to maturity (WAM). A portfolio's WAM reflects the average maturity in days based on final maturity or reset date, in the case of floating rate instruments. WAM measures the sensitivity of the portfolio to interest rate changes.

For Florida PRIME, with regard to redemption gates, Section 218.409(8)(a), Florida Statutes, states, "The principal, and any part thereof, of each account constituting the trust fund is subject to payment at any time from the moneys in the trust fund. However, the executive director may, in good faith, on the occurrence of an event that has a material impact on liquidity or operations of the trust fund, for 48 hours limit contributions to or withdrawals from the trust fund to ensure that the board [State Board of Administration] can invest moneys entrusted to it in exercising its fiduciary responsibility. Such action must be immediately disclosed to all participants, the trustees, the Joint Legislative Auditing Committee, and the Investment Advisory Council. The trustees shall convene an emergency meeting as soon as practicable from the time the executive director has instituted such measures and review the necessity of those measures. If the trustees are unable to convene an emergency meeting before the expiration of the 48-hour moratorium on contributions and withdrawals, the moratorium may be extended by the executive director until the trustees are able to meet to review the necessity for the moratorium. If the trustees agree with such measures, the trustees shall vote to continue the measures for up to an additional 15 days. The trustees must convene and vote to continue any such measures before the expiration of the time limit set, but in no case may the time limit set by the trustees exceed 15 days." As of June 30, 2024, there were no redemption fees, maximum transaction amounts, or any other requirements that serve to limit a participant's daily access to 100 percent of their account value.

FLPALM has daily liquidity with unlimited investments and redemptions. The fund has investments in Negotiable Certificates of Deposit, Commercial Paper, Repurchase Agreements, Bank Deposits, Bank Notes, Corporate Notes, Money Market Funds, Federal Agency Bonds/Notes, and US Treasury Notes. The investment advisor, on behalf of the fund, determines the net asset value of the shares at the close of each business day and monitors the difference between the amortized cost and fair value.

THE SCHOOL BOARD OF PASCO COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024

The Trustees of the fund can suspend the right of withdrawal or postpone the date of payment if the Trustees determine there is an emergency that makes the sale of a Portfolio's securities or determination of its net asset value not reasonably practical.

FLCLASS has daily liquidity with unlimited investments and redemptions. The pool invests in high-grade commercial paper, certificates of deposit, asset backed commercial paper, repurchase agreements and approved money-market funds. Portfolio securities are priced to market on a daily basis.

FLFIT Cash Pool has daily liquidity with unlimited investments and redemptions. The fund has investments in Commercial Paper, Certificates of Deposit, Qualified Bank Deposits, FDIC Insured Deposits, Money Market Funds, and Short-Term Bond Funds.

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Section 218.415(17), Florida Statutes, limits investments to the Local Government Surplus Funds Trust Fund [Florida PRIME], or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act as provided in Section 163.01, Florida Statutes; Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency; interest-bearing time deposits or savings accounts in qualified public depositories, as defined in Section 280.02, Florida Statutes; and direct obligations of the United States Treasury. The District's investment policy limits investments to Florida PRIME when rated at least at AAAM by Standard & Poor's or the equivalent by another Nationally Recognized Statistical Rating Organization (NRSRO), United States Treasury securities, obligations of United States Government agencies, Federal instrumentalities (United States Government Sponsored Enterprise("GSE")) limited to Federal Farm Credit Bank (FFCB), Federal Home Loan Bank or its District Banks (FHLB), Federal National Mortgage Association(FNMA) and the Federal Home Loan Mortgage Corporation(Freddie-Mac) including Federal Home Loan Mortgage Corporation participation certificates, Interest Bearing Time Deposit or Savings Accounts, Repurchase Agreements, Commercial Paper of any United States company that is rated, at the time of purchase, Prime 1 by Moody's and A-1 by Standards & Poor's (prime commercial paper), Corporate Notes issued by corporations organized and operating within the United States or by depository institutions licensed by the United States that have a long-term debt rating, at the time of purchase, at a minimum single A category by any two NRSROs, State and/or Local Government Taxable and/or Tax-Exempt Debt, general obligation and/or revenue bonds, rated at the time of purchase, at a minimum single A category by any two NRSROs for long-term debt, or rated at least MIG-1 by Moody's or SP-1 by Standard & Poor's for short-term debt, Money Market Mutual Funds rated AAAM by Standard & Poor's or the equivalent by another NRSRO, Short Term Bonds rated AAA or better by Standards & Poor's or the equivalent by another NRSRO and the Intergovernmental Investment Pools rated AAAM by Standard & Poor's or the equivalent by another NRSRO.

The District's investments in the SBA debt service accounts are to provide for debt service payments on bond debt issued by the SBE for the benefit of the District. The District relies on policies developed by the SBA for managing interest rate risk and credit risk for this account.

The District's investments were rated as follows: Treasury Securities were rated Aaa by Moody's and AA+ by Standard & Poor's, Florida PRIME was rated AAAM by Standard & Poor's, the Florida Public Assets for Liquidity Management fund is rated AAAM by Standard & Poor's, FLCLASS was rated AAAM by Standard & Poor's, money market funds were rated AAAM by Standard & Poor's, Florida FIT Cash Pool was rated AAAf/S1 by Standard & Poor's, Florida FIT Enhanced Cash Pool was rated AAAf/S1 by Standard & Poor's and the Florida FIT Select Cash Pool was rated AAAf/S1 by Standard & Poor's.

Custodial Credit Risk. Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the District will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. Section 218.415(18), Florida Statutes, requires the District to earmark all investments and (1) if registered with the issuer or its agents, the investment must be immediately placed for safekeeping in a location that protects the governing body's interest in the security; (2) if in book entry form, the investment must be held for the credit of the governing body by a depository chartered by the Federal Government, the State, or any other state or territory of the United States which has a branch or principal place of business in this State, or by a national association organized and existing under the laws of the United States which is authorized to accept and execute trusts and which is doing business in this State, and must be kept by the depository in an account separate and apart from the assets of the financial institution; or (3) if physically issued to the holder but not registered with the issuer or its agents, the investment must be immediately placed for safekeeping in a secured vault. The District's investment policy addresses custodial credit risk in that all securities are held with a third-party custodian; and all securities purchased by and all collateral obtained by the District should be properly designated as an asset of the District. The securities, except for investments in money market funds and local Government Investment pools, were held in an account separate and apart from the assets of the financial institution.

Concentration of Credit Risk. The District's investment policy has established permitted investment sectors which are designed to reduce concentration of credit risk of the District's investment portfolio.

Foreign Currency Risk. Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment. The District policy does not allow for investments in foreign currency. Therefore, the District has no exposure to foreign currency risk.

E. Retirement Plans

1. FRS – Defined Benefit Pension Plans

General Information about the FRS

The FRS was created in Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program (DROP) under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, Florida Statutes, established the Retiree HIS Program, a cost-sharing multiple-employer defined benefit pension plan, to assist retired members of any State-administered retirement system in paying the costs of health insurance.

Essentially all regular employees of the District are eligible to enroll as members of the State-administered FRS. Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of the two cost-sharing multiple-employer defined benefit plans and other nonintegrated programs. An annual comprehensive financial report of the FRS, which includes its financial statements,

required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services Web site (www.dms.myflorida.com).

The District's FRS and HIS pension expense totaled \$131,274,842 for the fiscal year ended June 30, 2024.

FRS Pension Plan

Plan Description. The FRS Pension Plan (Plan) is a cost-sharing multiple-employer defined benefit pension plan, with a DROP for eligible employees. The general classes of membership are:

- *Regular* – Members of the FRS who do not qualify for membership in the other classes.
- *Elected County Officers* – Members who hold specified elective offices in local government.
- *Senior Management Service* – Members in senior management level positions.
- *Special Risk* – Members who are employed as law enforcement officers and meet the criteria to qualify for this class.

Employees enrolled in the Plan prior to July 1, 2011, vest at 6 years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at 8 years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service except for members classified as special risk who are eligible for normal retirement benefits at age 55 or at any age after 25 years of service. All members enrolled in the Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service except for members classified as special risk who are eligible for normal retirement benefits at age 60 or at any age after 30 years of service. Employees enrolled in the Plan may include up to four years of credit for military service toward creditable service. The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

The DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS participating employer. An employee may participate in DROP for a period not to exceed 96 months after electing to participate, except that certain instructional personnel may participate for up to 120 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Benefits Provided. Benefits under the Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is

THE SCHOOL BOARD OF PASCO COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024

expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the 5 highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the 8 highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits. The following table shows the percentage value for each year of service credit earned:

<u>Class, Initial Enrollment, and Retirement Age/Years of Service</u>	<u>% Value</u>
<u>Regular Class members initially enrolled before July 1, 2011</u>	
Retirement up to age 62 or up to 30 years of service	1.60
Retirement at age 63 or with 31 years of service	1.63
Retirement at age 64 or with 32 years of service	1.65
Retirement at age 65 or with 33 or more years of service	1.68
<u>Regular Class members initially enrolled on or after July 1, 2011</u>	
Retirement up to age 65 or up to 33 years of service	1.60
Retirement at age 66 or with 34 years of service	1.63
Retirement at age 67 or with 35 years of service	1.65
Retirement at age 68 or with 36 or more years of service	1.68
<u>Elected District Officers</u>	3.00
<u>Senior Management Service Class</u>	2.00
<u>Special Risk</u>	3.00

As provided in Section 121.101, Florida Statutes, if the member was initially enrolled in the Plan before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3 percent per year. If the member was initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3 percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3 percent. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

Contributions. The Florida Legislature establishes contribution rates for participating employers and employees. Contribution rates during the 2023-24 fiscal year were as follows:

Class or Plan	Percent of Gross Salary	
	Employee	Employer
Florida Retirement System, Regular	3.00	13.57
Florida Retirement System, Elected County Officers	3.00	58.68
Florida Retirement System, Senior Management Service	3.00	34.52
Florida Retirement System, Special Risk	3.00	32.67
Deferred Retirement Option Program, Applicable to Members from All of the Above Classes	0.00	21.13
Florida Retirement System, Reemployed Retiree	(2)	(2)

- (1) Employer rates include 2 percent for the postemployment health insurance subsidy. Also, employer rates, other than for DROP participants, include 0.06 percent for administrative costs of the Investment Plan.
- (2) Contribution rates are dependent upon retirement class in which reemployed.

The District's contributions to the Plan totaled \$47,050,537 for the fiscal year ended June 30, 2024.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. As of June 30, 2024, the District reported a liability of \$321,794,071 for its proportionate share of the Plan's net pension liability. The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2023. The District's proportionate share of the net pension liability was based on the District's 2022-23 fiscal year contributions relative to the total 2022-23 fiscal year contributions of all participating members. As of June 30, 2023, the District's proportionate share was 0.8076 percent, which was a decrease of 0.0609 from its proportionate share of 0.8685 measured as of June 30, 2022.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024

For the fiscal year ended June 30, 2024, the District recognized a Plan pension expense of \$66,273,123. In addition, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
	<u> </u>	<u> </u>

The deferred outflows of resources related to pensions resulting from District contributions to the Plan subsequent to the measurement date, totaling \$47,050,537, will be recognized as a reduction of the net pension liability in the fiscal year ending June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Fiscal Year Ending June 30	<u>Amount</u>

Actuarial Assumptions. The total pension liability in the July 1, 2023, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.40 percent
Salary increases	3.25 percent, average, including inflation
Investment rate of return	6.70 percent, net of pension plan investment expense, including inflation

THE SCHOOL BOARD OF PASCO COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024

Mortality rates were based on the PUB-2010 base table, projected generationally with Scale MP-2018.

The actuarial assumptions used in the July 1, 2023, valuation were based on the results of an actuarial experience study for the period July 1, 2013, through June 30, 2018.

The long-term expected rate of return on pension plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation (1)	Annual Arithmetic Return	Compound Annual (Geometric) Return	Standard Deviation
Cash	1.0%	2.9%	2.9%	1.1%
Fixed income	19.8%	4.5%	4.4%	3.4%
Global equity	54.0%	8.7%	7.1%	18.1%
Real Estate	10.3%	7.6%	6.6%	14.8%
Private Equity	11.1%	11.9%	8.8%	26.3%

Total	100.0%			
Assumed Inflation - Mean			2.4%	1.4%

(1) As outlined in the Plan's investment policy

Discount Rate. The discount rate used to measure the total pension liability was 6.7 percent. The Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return. The discount rate used in the 2023 valuation was unchanged from the previous valuation.

HIS Pension Plan

Plan Description. The HIS Pension Plan (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

Benefits Provided. For the fiscal year ended June 30, 2024, eligible retirees and beneficiaries received a monthly HIS payment of \$7.50 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$45 and a maximum HIS payment of \$225 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Federal Medicare.

Contributions. The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended June 30, 2024, the contribution rate was 2 percent of payroll pursuant to Section 112.363, Florida Statutes. The District contributed 100 percent of its statutorily required contributions for the current and preceding three years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled.

The District's contributions to the HIS Plan totaled \$9,998,756 for the fiscal year ended June 30, 2024.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. As of June 30, 2024, the District reported a net pension

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024

liability of \$175,182,527 for its proportionate share of the HIS Plan's net pension liability. The current portion of the net pension liability is the District's proportionate share of benefit payments expected to be paid within 1 year, net of the District's proportionate share of the HIS Plan's fiduciary net position available to pay that amount. The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2022 and updated procedures were used to determine the net pension liability as of June 30, 2023. The District's proportionate share of the net pension liability was based on the District's 2022-23 fiscal year contributions relative to the total 2022-23 fiscal year contributions of all participating members. At June 30, 2023, the District's proportionate share was 1.1031 percent, which was a decrease of 0.0477 from its proportionate share measured as of June 30, 2022.

For the fiscal year ended June 30, 2024, the District recognized the HIS Plan pension expense of \$65,001,719. In addition, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 2,564,552	\$ 411,180
Changes in assumptions	4,605,496	15,180,156

District contributions subsequent to the measurement date	9,998,756	-
Total	\$ 19,761,753	\$ 21,020,869

The deferred outflows of resources related to pensions resulting from District contributions to the HIS Plan subsequent to the measurement date, totaling \$9,998,756 will be recognized as a reduction of the net pension liability in the fiscal year ending June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024

Actuarial Assumptions. The total pension liability in the July 1, 2023, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.40 percent
Salary increases	3.25 percent, average, including inflation
Municipal Bond Rate	3.65 percent

Mortality rates were based on the PUB-2010 base table, projected generationally with Scale MP-2018.

While an experience study had not been completed for the HIS Plan, the actuarial assumptions that determined the total pension liability for the HIS Plan were based on certain results of the most recent experience study for the FRS Plan.

Discount Rate. The discount rate used to measure the total pension liability was 3.65 percent. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the HIS Plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index. The discount rate changed from 3.54 percent to 3.65 percent.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate. The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 3.65 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (2.65 percent) or 1 percentage point higher (4.65 percent) than the current rate:

	1% Decrease (2.65%)	Current Discount Rate (3.65%)	1% Increase (4.65%)
District's proportionate share of HIS Pension Plan net pension liability	\$ 199,855,922	\$ 175,182,527	\$ 154,729,939

Pension Plan Fiduciary Net Position. Detailed information about the HIS Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State Administered Systems Annual Comprehensive Financial Report.

2. FRS – Defined Contribution Pension Plan

The SBA administers the defined contribution plan officially titled the FRS Investment Plan (Investment Plan). The Investment Plan is reported in the SBA’s annual financial statements and in the State’s Annual Comprehensive Financial Report.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. District employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member’s accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Retirement benefits are based upon the value of the member’s account upon retirement. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular, Elected County Officers, etc.), as the FRS defined benefit plan. Contributions are directed to individual member accounts and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.06 percent of payroll and by forfeited benefits of Investment Plan members.

Allocations to the Investment Plan member accounts during the 2023-24 fiscal year were as follows:

Class	Percent of Gross Compensation
Florida Retirement System, Regular	11.30
Florida Retirement System, Elected County Officers	16.34
Florida Retirement System, Senior Management Service	12.67
Florida Retirement System, Special Risk	19.00

For all membership classes, employees are immediately vested in their own contributions and are vested after 1 year of service for employer contributions and investment earnings, regardless of membership class. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is transferred to the Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to 5 years. If the employee returns to FRS-covered employment within the 5-year period, the employee will regain control over their account. If the employee does not return within the 5-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended June 30, 2024, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the District.

THE SCHOOL BOARD OF PASCO COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided in which the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan or remain in the Investment Plan and rely upon that account balance for retirement income.

The District's Investment Plan pension expense totaled \$21,462,856 for the fiscal year ended June 30, 2024.

3. Supplemental Early Retirement Plan

Plan Description.

As authorized by Section 1012.685, Florida Statutes, the Board implemented a Supplemental Early Retirement Plan (the "Plan") effective July 1, 1983, and amended as of January 1, 1997. The Plan is a single-employer defined benefit pension plan. The purpose of the Plan is to provide District employees, who elected to retire under the early retirement provisions of the FRS, with a monthly benefit equal to the statutory reduction of the normal retirement benefits when early retirement precedes the normal retirement.

On January 20, 2015, the Board ratified a new contract with the Union stating that, effective June 30, 2018, no employee or retiree will be permitted to begin receiving an early retirement benefit. Any employee or retiree already receiving a benefit will continue to receive any benefit to which he/she is entitled. Based on an actuarial report as of July 1, 2024, there are 317 retirees and beneficiaries receiving benefits. A summary of eligibility and benefits follow:

Eligibility. The participant must have elected early retirement under the FRS; attained the age of 50 but not have attained the age of 62 upon early retirement; been credited with at least 25 years (and who have reached the final step on the appropriate salary schedule) of service under the FRS upon early retirement; and completed at least 12 years of service in the District, with 10 of those years being consecutive.

Benefits. The amount of the monthly benefit will be equal to the reduction imposed on the retirement benefit by the FRS due to early retirement. The benefit amount will be based on the initial benefit amount determined by the FRS prior to any cost-of-living adjustments and will remain unchanged, once established, unless a specific increase is authorized by the Board. Effective July 1, 1997, the amount of early retirement benefits for new participants ages 50 through 54 has been reduced to a flat 35 percent of the FRS benefit, with this reduction phased-in over a period of four (4) years. In addition, the Plan was amended effective June 2011 to provide a one-time early retirement incentive payment for certain individuals who retired during that month. The payment was equal to 10 percent of the employee's annual salary to a maximum benefit of \$5,000.

THE SCHOOL BOARD OF PASCO COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024

Contributions and Reserves.

Pursuant to the Plan agreement, no contributions shall be required or permitted from any member. Board contributions shall be sufficient to meet the annual service cost of the Plan and to fund net pension liability within 30 years based on an actuarial study.

There are no long-term contracts to the Plan. Periodic employer contributions to the Plan are determined on an actuarial basis using the Entry Age Normal Cost Method. Annual service cost is funded on a current basis. Pursuant to Section 112.64, Florida Statutes, the unfunded actuarial accrued liability is funded over a 30-year period for participants prior to July 1, 1997 and funded over a 40-year period for the revised plan. Periodic contributions for both normal cost and the amortization of the unfunded actuarial liability are based on the level percentage of payroll method.

Significant actuarial assumptions used to compute annual required contributions are the same as those to determine the total pension liability. There was a \$350,393 contribution to the Plan in fiscal year 2023-24.

As of June 30, 2024, the actuarial accrued liability for benefits was \$14,455,409. The computation of the annual required contribution for the 2023-24 fiscal year was based on the same: (a) actuarial assumptions, (b) benefit provisions, (c) actuarial funding method and (d) other significant factors used to determine the required annual contributions for the previous fiscal years.

Benefits and refunds are recognized when due and payable in accordance with terms of the Plan. All of the assets in the District's Pension Trust Fund are legally required reserves. None of the assets have been designated by the Board for any other specific purpose. Costs of administering the Plan are financed through the Plan's resources, which include employer contributions and investment earnings.

Summary of Significant Accounting Policies

The Plan is accounted for as a Pension Trust Fund; therefore, it is accounted for in substantially the same manner as a proprietary fund with a capital maintenance measurement focus and the accrual basis of accounting. Employer contributions are recognized in the period in which contributions are due. Benefits and refunds are recognized when due and payable in accordance with terms of the Plan. Plan assets are valued at fair value for financial statement purposes. Separate statements are not issued for the Plan.

Investments

The Board of the Early Retirement Program includes the same members as the District School Board of Pasco County which established and has the authority to amend the investment policy for the Plan. An Investment Oversight Committee monitors the investment performance and reports to the Board. On January 20, 2015, the Board approved an updated investment policy that allows the Plan to invest in equities and fixed income securities.

Collateralized Mortgage Obligations, Corporate Bonds, Government Sponsored Enterprises, and Government and Municipal Bonds classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

Credit Risk. The District's investment policy authorizes the District to participate in the SBA Florida PRIME. The policy also authorizes the District to invest in interest-bearing time deposits or savings accounts, direct obligations of the United States Treasury, money market funds with the Securities and Exchange Commission, and United States government funds registered under the Investment Act of 1940. The policy further provides the securities shall only be purchased from financial institutions which are qualified as public depositories by the Treasurer of the State of Florida, Florida-based regional dealers that qualify under Securities and Exchange Commission Rule 15C3-1, or from primary security dealers as designated by the Federal Reserve of New York.

The Plan's investments in Collateralized Mortgage Obligations had ratings of NR to AAA by Standard and Poor's or of WR by Moody's.

THE SCHOOL BOARD OF PASCO COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024

The Plan's investments in Corporate Bonds had ratings of BBB+ by Standard and Poor's or of Baa2 by Moody's.

The Plan's investments in Government Sponsored Enterprises had a rating of Aaa by Moody's.

The Plan's investments in Government and Municipal Bonds had ratings of AA- by Standard and Poor's or of A2 by Moody's.

Concentration of Credit Risk. The District's investment policy has established permitted investment sectors which are designed to reduce concentration of credit risk of the District's investment portfolio.

Less than five (5) percent of the Supplemental Early Retirement Plan's investments are in Government Sponsored Enterprise Securities.

Rate of Return. For the year ending June 30, 2024, the annual money-weighted rate of return on the pension plan investments, net of pension plan investment expense, was 11.5 percent. The money-weighted rate of return expresses investment performance, net investment expense, adjusted for the changing amounts actually invested.

Pension Liability, Pension Income, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The components of the net pension liability of the SERP as of June 30, 2024, were as follows:

Total Pension Liability	\$ 14,455,409
Plan Fiduciary Net Position	<u>(13,437,857)</u>
Net Pension Liability	<u>\$ 1,017,552</u>
Plan Fiduciary Net Position as a Percentage of the Total Pension Liability	92.96%

For the fiscal year ending June 30, 2024, the District recognized pension income of \$681,488 for the SERP Pension Plan. In addition, the District reported deferred outflows of resources and deferred inflows of resources related to pensions for the SERP Pension Plan from the following sources:

F. Other Postemployment Benefit Plan

Plan Description. The Other Postemployment Benefits Plan (OPEB Plan) is a single-employer defined benefit plan administered by the District that provides OPEB for all employees who satisfy the District’s retirement eligibility provisions. Pursuant to the provisions of Section 112.0801, Florida Statutes, former employees who retire from the District and their eligible dependents, may continue to participate in the District’s health plan for medical, prescription drug, mental health/substance abuse, employee assistance program and life insurance. The District subsidizes the premium rates paid by retirees by allowing them to participate in the OPEB Plan at reduced or blended group (implicitly subsidized) premium rates for both active and retired employees.

These rates provide an implicit subsidy for retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the OPEB Plan on average than those of active employees. Additionally, for certain retirees, the District pays a portion of the cost of health and pharmacy insurance benefits. For those retirees, the School Board contributes the same amount toward the retiree’s health insurance premium each year as it does toward an active employee’s premium. This contribution is contingent upon the retiree meeting all of the following conditions: 1) 30 years of service under Florida Retirement System or 25 years of service under FRS and at least age 50 at retirement; 2) 20 years of service in the District; 3) contributes his/her health insurance subsidy received from the State of Florida toward the cost of this medical premium; and 4) continues to participate in one of the Board-approved health plans after his/her retirement. An eligible retiree may receive a cash payment in lieu of receiving these benefits.

The District does not offer any explicit subsidies for retiree coverage. Retirees are assumed to enroll in the Federal Medicare program parts A and B for their primary coverage as soon as they are eligible. The OPEB Plan does not issue a stand-alone report and is not included in the report of a public employee retirement system or another entity. The District has not advance-funded or established a funding methodology for the annual OPEB expense or the net OPEB Plan liability, and the OPEB Plan is financed on a pay-as-you-go basis. No assets are accumulated in a trust that meets all the criteria in GASB Statement No. 75. A copy of the actuarial report provided by GRS Retirement Consulting dated July 25, 2023 is available in the District’s Finance Services Department.

Employees Covered by Benefit Terms. As of June 30, 2023, the following employees were covered by the benefit terms:

Inactive Employees or Beneficiaries	
Currently Receiving Benefits	1,716
Active Employees	9,783
Total Plan Members	11,499

Total OPEB Liability. The District’s total OPEB liability of \$116,463,505 was measured as of June 30, 2023 and was determined by an actuarial valuation as of June 30, 2023.

THE SCHOOL BOARD OF PASCO COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024

Actuarial Assumptions and Other Inputs. The total OPEB liability was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.40 percent
Salary Increases	Salary increase rates used in the July 1, 2023 actuarial valuation of the Florida Retirement System; 3.3 percent - 7.8 percent, including inflation
Discount Rate	4.13 percent
Healthcare Cost Trend Rates	Starting at 7.00 percent for 2024 and gradually decreasing according to the Getzen Model to an ultimate trend rate of 3.83 percent in 2075+
Aging Factors	Based on the 2013 SOA Study "Health Care Costs – From Birth to Death."
Expenses	Administrative expenses are included in the per capita health costs.

The discount rate was based on the daily rate of a yield or index rate for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher.

Demographic assumptions employed in the actuarial valuation were the same as those employed in the July 1, 2023, actuarial valuation of the FRS Defined Benefit Pension Plan. These demographic assumptions were developed by FRS from an Actuarial Experience Study, and therefore are appropriate for use in the OPEB Plan actuarial valuation. These include assumed rates of future termination, mortality, disability, and retirement. In addition, salary increase assumptions (for development of the pattern of the normal cost increases) were the same as those used in the July 1, 2023, actuarial valuation of the FRS Defined Benefit Pension Plan. Assumptions used in valuation of benefits for participants of the FRS Investment Plan are the same as for similarly situated participants of the FRS Defined Benefit Pension Plan.

H. Risk Management Programs

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Workers’ compensation, automobile liability, and general liability coverage are being provided on a self-insured basis up to specified limits. The District has entered into agreements with various insurance companies to provide specific excess coverage of claim amounts above the stated amount on an individual claim basis, and aggregate excess coverage when total claims, minus specific excess coverage, exceeds the loss fund established annually by the District. The District has contracted with an insurance administrator to administer these self-insurance programs, including the processing, investigating, and payment of claims.

A third-party administrator, Florida Blue, Inc., administers the District’s medical and pharmacy insurance program. In plan year 2024, the District paid \$45.68 per employee, per month for administrative fees. The payment agreement with Florida Blue provides for liability limits based on fixed rates and average numbers of insured employees and dependents. In plan year 2024, there was a \$850,000 specific stop loss deductible including medical and pharmacy, with an unlimited lifetime maximum per covered member. To remain in compliance with health care reform and the Patient Protection and Affordable Care Act, there are no longer lifetime maximums included in the Florida Blue plans.

Property and casualty coverage is obtained through a governmental insurance trust. The property insurance fund is used to track premiums and any claims expense. In the 2023-24 fiscal year, the property insurance coverage amount is \$140 million for excess of loss limits for named windstorm.

Settled claims resulting from the risks described above have not exceeded commercial insurance coverage in any of the past three fiscal years.

A liability in the amount of \$7,105,067 was actuarially determined to cover estimated incurred, but not paid, insurance claims payable as of June 30, 2024. The estimated insurance claims payable for the

workers' compensation/property/liability programs were determined using the actuarial estimate for unpaid losses on an undiscounted basis. The estimated insurance claims payable for the self-insured health insurance program of \$6,964,000 was actuarially determined and includes medical and pharmacy claims.

The following schedule represents the changes in claims liability for the past 2 fiscal years for the District's self-insurance program:

THE SCHOOL BOARD OF PASCO COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024

The District entered into financing arrangements, which were characterized as lease-purchase agreements, with the Florida School Boards Association, whereby the District secured financing of various educational facilities. The financing was accomplished through the issuance of certificates of participation to be repaid from the proceeds of rents paid by the District. On March 1, 2004, the financing agreements with the Florida School Boards Association were assigned to the Leasing Corporation.

As a condition of the financing arrangement, the District gave ground leases on District property to the Leasing Corporation with a rental fee of \$1 per year. The properties covered by the ground leases are, together with the improvements constructed thereon from the financing proceeds, leased back to the District. If the District fails to renew the leases and to provide for the rent payment through to term, the District may be required to surrender the sites included under the various Ground Lease Agreements for the benefit of the securers of the Certificates for a period of time as specified by the arrangements. The Certificates of Participation Series 2014B contains a provision by which the purchaser can, upon the occurrence and continuation of an event of default, impose a default interest rate of the then applicable interest rate plus 2 percent not to exceed the maximum lawful rate. The Certificates of Participation Series 2021B contains a provision whereby the School Board will be charged a fair market rental, instead of the \$1 rental fee, in case of default.

The District has the following ground leases as of June 30, 2024:

State School Bonds

These bonds are issued by the SBE on behalf of the District. The bonds mature serially and are secured by a pledge of the District's portion of the State-assessed motor vehicle license tax. The State's full faith and credit is also pledged as security for these bonds. Principal and interest payments, investment of debt service fund resources, and compliance with reserve requirements are administered by the SBE and the SBA.

District Revenue Bonds

District Revenue Bonds, Refunding Series 2020 – These bonds are authorized by Chapter 79-547 and 79-548, Special Acts of 1979, Laws of Florida, which provides that the bonds be secured from the pari-mutuel tax proceeds distributed annually to Pasco County from the State's Pari-Mutuel Tax Collection Trust Fund pursuant to Chapter 550, Florida Statutes (effective July 1, 2000, tax proceeds are distributed pursuant to Section 212.20(6)(d)7.a., Florida Statutes, now Section 212.20(6)(d)6.a., Florida Statutes). The approximate amount of pari-mutuel tax proceeds pledged is \$5,341,570 which represents the total amount of principal and interest still due, and the remaining period of the pledge is 27 years. The annual distribution is remitted by the Florida Department of Financial Services to the District. The District pledged 100 percent of these revenues for the Series 2020 bond issue until repaid. The Series 2020 bonds were issued to provide funds, together with other available funds, sufficient to (1) finance the cost of the 2020 projects, and (2) pay issuance costs of the 2020 Series bonds. As required by the bond resolution, the District has established the sinking fund and reserve account and has accumulated and maintained adequate resources in the sinking fund and reserve account. For the 2023-24 fiscal year, the District recognized \$223,250 in pledged revenue and paid \$199,400 of principal and interest.

District Sales Tax Revenue Bonds

These bonds are generally referred to as Sales Tax Revenue Bonds, Series 2013, Series 2016, and Series 2018, and are authorized by Chapter 212, 1001, and 1013, Florida Statutes. These bonds are secured by a pledge of the proceeds received by the District from the levy and collection of the 45 percent of the one-cent local infrastructure sales surtax pursuant to Section 212.055(6), Florida Statutes. Proceeds of the bonds were used to finance major remodeling and infrastructure upgrades including technology of elementary, middle, and high schools within the District. The District pledged a total of \$21,277,018 of the local infrastructure sales surtax revenues in connection with the Sales Tax Revenue Bond issues described above. For the 2023-24 fiscal year, the District recognized pledged revenue of \$48,723,394 and paid \$20,105,000 in principal and \$1,198,099 in interest for all Series.

The District uses Master Equipment Lease Purchase Agreements (direct placement) to finance the purchase of vehicles and equipment. In the event of a default, the Lessor may terminate the Lease. The Lessor may also demand all appropriated, for the then current fiscal year, but unpaid rental payments. The Lessor may also request the District to convey any or all the equipment to the Lessor so the equipment can be sold or lease the equipment. The proceeds will be applied to the unpaid obligations.

For any fiscal year, the District may elect to non-appropriate the Lease Payments due under one or both of the Master Lease Agreements. In such event, the District must return all equipment leased under the respective Master Lease and pay any accrued but unpaid interest component of the Master Lease but there is no further obligation to pay principal components of the Master Lease and no acceleration.

As of June 30, 2024, the District has ten direct borrowings with \$14.5 million outstanding under the Master Equipment Lease Purchase Agreement. Events of default related to Equipment Lease would be failure to pay within 10 days or failure to maintain insurance, failure to observe and perform any covenant, condition or agreement for a period of 30 days after written notice specifying such failure and requesting it be remedied. In addition, false statements or representation pursuant to the lease, any default occurs under any other agreement for borrowing money, lease financing, or otherwise receiving credit under which there is outstanding and aggregate amount in excess of \$100,000 of the District's current indebtedness, appointment of a receiver, trustee, custodian or liquidator of all or a substantial part of the assets of the District, filing of bankruptcy, consolidation, merger or otherwise combine with any other entity, or sell, lease or dispose of all or a substantial portion of assets.

J. Fund Balance Reporting

In addition to committed and assigned fund balance categories discussed in Note I.G.10, fund balances may be classified as follows:

Nonspendable Fund Balance. Nonspendable fund balance is the net current financial resources that cannot be spent because they are either not in a spendable form or are legally or contractually required to be maintained intact. Generally, not in a spendable form means an item is not expected to be converted to cash.

Restricted Fund Balance. Restricted fund balance is the portion of fund balance on which constraints have been placed by creditors, grantors, contributors, laws or regulations of other governments, constitutional provisions, or enabling legislation. Restricted fund balance places the most binding level of constraint on the use of fund balance.

Unassigned Fund Balance. The unassigned fund balance is the portion of fund balance that is the residual classification for the General Fund. The General Fund is the only fund that may report a positive unassigned fund. When expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes, it is necessary to report a negative unassigned fund balance.

K. Interfund Receivables and Payables

The following is a summary of interfund receivables and payables reported in the fund financial statements:

Funds	Interfund	
	Receivables	Payables
Major Funds:		
General	\$ 32,680,553	\$ -
Capital Projects - Other	-	1,064,463
Special Revenue - Other Federal Programs	-	17,343,333

M. Interfund Transfers

The following is a summary of interfund transfers reported in the fund financial statements:

Funds	Interfund	
	Transfers In	Transfers Out
Major:		
General	\$ 7,504,871	\$ 13,947,519
Capital Projects:		
Other	3,087,027	41,013,520
Nonmajor Governmental	79,791,993	55,725,524
Internal Service	20,811,872	509,200
Total	\$ 111,195,763	\$ 111,195,763

Interfund transfers of money represent permanent transfers of monies between funds. A portion of the transfers out of the Capital Projects – Other Fund and Nonmajor Governmental Funds were to provide for debt service principal and interest payments and to cover the Internal Service Fund for property insurance premiums. Transfers from the General Fund were to cover the Internal Service Fund increased utility costs and other self-insurance reserves. The majority of the transfers into the General Fund were for Charter Schools Grant and capital outlay funds.

N. Capital Credits Receivable

The District participated in a nonprofit electric cooperative, the Withlacoochee River Electric Cooperative, Inc., established under the provisions of Chapter 425, Florida Statutes. In accordance with this Statute, revenues in excess of operating expenses, unless determined by a vote of the membership, are distributed by the Cooperative on a pro rata basis to its members. The policy of the Cooperative is to credit the excess revenues to members’ accounts. Capital credits are distributed only after the Cooperative attains a certain margin of profit required by the Rural Electrification Administration. As of June 30, 2024, the accumulated credits to the District’s account are \$6,852,031. During the 2023-24 fiscal year, the District earned capital credits of \$604,112 and received a cash payment of \$233,058, for a net increase of \$371,054.

III. SUBSEQUENT EVENTS

The Board authorized a reimbursement resolution in anticipation of issuance of Sales Tax Revenue Bond Series 2024. The PAR amount was \$215.0 M which yielded \$227,213,114 at 3.612% true interest cost. The proceeds will be used for the remodeling and construction of Cypress Elementary School, Gulf Middle School, Pasco High School Athletics and West Zephyrhills Elementary School. The bond closed on November 14, 2024.

Valuation date:

Actuarially determined contribution rates are calculated as of July 1, two years prior to the end of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rates:

Discount rate	6.34% per annum (2.50% per annum is attributable to long-term inflation); this rate was used to discount all future benefit payments.
Cost-of-living increases:	None assumed.
Mortality	Sex-distinct rates set forth in the PUB-2010 Headcount-Weighted Below Median Employee Mortality Table with male rates set back 1 year
Non-investment expenses	None assumed.
Future contributions	Contributions from the employer are assumed to be made as legally required.
Changes	No assumptions were changed since the prior measurement date

Combining Statements of Internal Service Funds

Internal service funds are used to report activities that provide goods and services to support the District's other programs and functions through user charges. The District uses internal service funds to account for its fully insured employees' life insurance; individual self-insurance programs for property/casualty, liability, auto, workers' compensation, medical, pharmacy and behavioral health programs; the employee benefits program; the energy management program; and exclusive agreements administered by the School Board.

Property, Casualty, and Liability Self-Insurance Plan – To account for the financing and payment of claims for the District's self-insured liability and workers' compensation program and fully insured property/casualty program.

Self-Insured Benefit Plans – To account for the financing and payment of claims for the District's self-insured medical, behavioral health and prescription plans.

Energy Management Program – To account for the financing of the District's Energy Management Program.

Exclusive Agreement – To account for the receipt and use of funds received from the District's exclusive agreement with National Beverages, Inc.

(1) Section 192.00(2), Florida Statutes, defines assessed value of property as "an annual determination of the just or fair market value of an item or property. . .". Consequently, estimated actual value, above, is assessed value before exemptions. Pasco County Property Appraiser's Office.

(2) Chapter 196, Florida Statutes, grants various exemptions for qualifying historic, economic development, governmental, and institutional property, the latter including charitable, religious, scientific, literary and educational property. Exemptions are also granted for residential property for widows/widowers, disabled/blind, homestead exemption (\$25,000), additional homestead exemption (age 65 or older, \$25,000), and homestead differential (just value minus a capped value).

(3) Property, such as railroad property, for which valuation is provided to the Property Appraiser by the Florida Department of Revenue [see Section 193.085(4), Florida Statutes].

(4) Centrally Assessed Property has been added to the total estimated actual value of Real and Personal Property when computing this percentage.

(5) Total Tax Levy (Pasco County ACFR) to Total Taxable Assessed Value (above). Tax rates are per \$1,000 of assessed value.

Note: Property Taxes become due and payable on November 1st of each year. A four percent (4%) discount is allowed if the taxes are paid in November, with the discount declining by one percent (1%) each month thereafter.

Accordingly, taxes collected usually will not be 100% of the tax levy. Taxes become delinquent on April 1st of each year and tax certificates for the full amount of any unpaid taxes and assessments must be sold no later than June 1st of each year.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the District. This process recognizes that, when considering the District's ability to issue and repay debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt of each overlapping government.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Chairman and Members of
The District School Board
of Pasco County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the District School Board of Pasco County, Florida (the "District") as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 17, 2024. Our report includes a reference to other auditors who audited the financial statements of the aggregate discretely presented component units, as described in our report on the District's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Chairman and Members of
The District School Board
of Pasco County, Florida

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Pursuant to provisions of Chapter 10.800, *Rules of the Auditor General*, we reported certain matters to management of the District in a separate management letter dated December 17, 2024.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR’S REPORT ON COMPLIANCE FOR EACH
MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER
COMPLIANCE AND REPORT ON THE SCHEDULE OF EXPENDITURES
OF FEDERAL AWARDS IN ACCORDANCE WITH THE UNIFORM GUIDANCE**

Chairman and Members of
The District School Board
of Pasco County, Florida

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the compliance of the District School Board of Pasco County, Florida (the “District”) with the types of compliance requirements identified as subject to audit in the U.S. Office of Management and Budget (“OMB”) *Compliance Supplement* that could have a direct and material effect on each of the District’s major federal programs for the year ended June 30, 2024. The District’s major federal programs are identified in the summary of auditor’s results section of the accompanying Schedule of Findings and Questioned Costs.

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 *U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor’s Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the District’s compliance with the compliance requirements referred to above.

Responsibility of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the District’s federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Chairman and Members of
The District School Board
of Pasco County, Florida

Report on Internal Control over Compliance (Continued)

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses as defined above. However, material weaknesses may exist that have not been identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the basic financial statements of the governmental activities, business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the District as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements. We issued our report thereon dated December 17, 2024, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. Our report on the basic financial statements included disclosures regarding our reference to the reports of other auditors. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis, as required by the Uniform Guidance, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements.

The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

- Notes: (1) Basis of Presentation. The accompanying Schedule of Expenditures of Federal Awards (Schedule) includes the Federal award activity of the Pasco County District School Board under programs of the Federal government for the year ended June 30, 2024. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position, changes in net position, or cash flows of the District.
- (2) Summary of Significant Account Policies. Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.
- (3) Indirect Cost Rate. The District's cognizant agency is Florida Department of Education ("FLDOE"). For the fiscal year 2023-2024, FLDOE approved a restricted indirect cost rate of 3.77%. As a result of the approved indirect cost rate, the District does not have the option to elect the 10 percent de minimis rate in accordance with Uniform Guidance.
- (4) Noncash Assistance.
(A) National School Lunch Program - Includes \$3,290,697 of donated food received during the fiscal year. Donated foods are valued at fair value as determined at the time of donation.
- (5) Head Start. Expenditures include \$519,084 for grant number/program year 04CH011793/03 and \$8,084,403 for grant number/program year 04CH011793/04

INDEPENDENT AUDITOR'S MANAGEMENT LETTER

Chairman and Members of
The District School Board
of Pasco County, Florida

Report on Financial Statements

We have audited the financial statements of the District School Board of Pasco County, Florida (the "District") as of and for the year ended June 30, 2024, and have issued our report thereon dated December 17, 2024.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations*, Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"); and Chapter 10.800, *Rules of the Auditor General*.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*, Independent Auditor's Report on Compliance for Each Major Federal Program and on Internal Control over Compliance and Report on the Schedule of Expenditures of Federal Awards Required by the Uniform Guidance, Schedule of Findings and Questioned Costs, and our Independent Accountant's Report in accordance with AICPA Professional Standards, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.800, *Rules of the Auditor General*. Disclosures in those reports and schedule, which are dated December 17, 2024, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.804(1)(f)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial report. There were no recommendations made in the preceding annual financial report.

Chairman and Members of
The District School Board
of Pasco County, Florida

Financial Condition and Management

Section 10.804(1)(f)2., *Rules of the Auditor General*, requires us to communicate whether or not the District has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the District did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.804(1)(f)5a. and 10.805(7), *Rules of the Auditor General*, we applied financial condition assessment procedures for the District. It is management's responsibility to monitor the District's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.804(1)(f)3., *Rules of the Auditor General*, requires that we communicate any recommendations to improve financial management. In connection with our audit, we had no such recommendations.

Transparency

Section 10.804(1)(f)6., *Rules of the Auditor General*, requires that we communicate the results of our determination as to whether the District maintains on its website the information specified in Section 1011.035, Florida Statutes. In connection with our audit, we determined that the District maintained on its website the information specified in Section 1011.035, Florida Statutes.

Additional Matters

Section 10.804(1)(f)4., *Rules of the Auditor General*, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or is likely to have occurred, that has an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, District School Board members, and applicable management and is not intended to be, and should not be, used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANT'S REPORT

Chairman and Members of
The District School Board
of Pasco County, Florida

We have examined the District School Board of Pasco County, Florida's (the "District") compliance with the requirements of Section 218.415, Florida Statutes, during the year ended June 30, 2024. Management is responsible for the District's compliance with those requirements. Our responsibility is to express an opinion on the District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the District complied, in all material respects, with the aforementioned requirements referenced above. An examination involves performing procedures to obtain evidence about the whether the District's complied with the aforementioned requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material misstatement of the District's compliance with those requirements, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the examination engagement. Our examination does not provide a legal determination on the District's compliance with the specified requirements.

In our opinion, the District complied, in all material respects, with the aforementioned requirements for the year ended June 30, 2024.
